

Global distribution of HIV-1 2000-2003

30.000.000

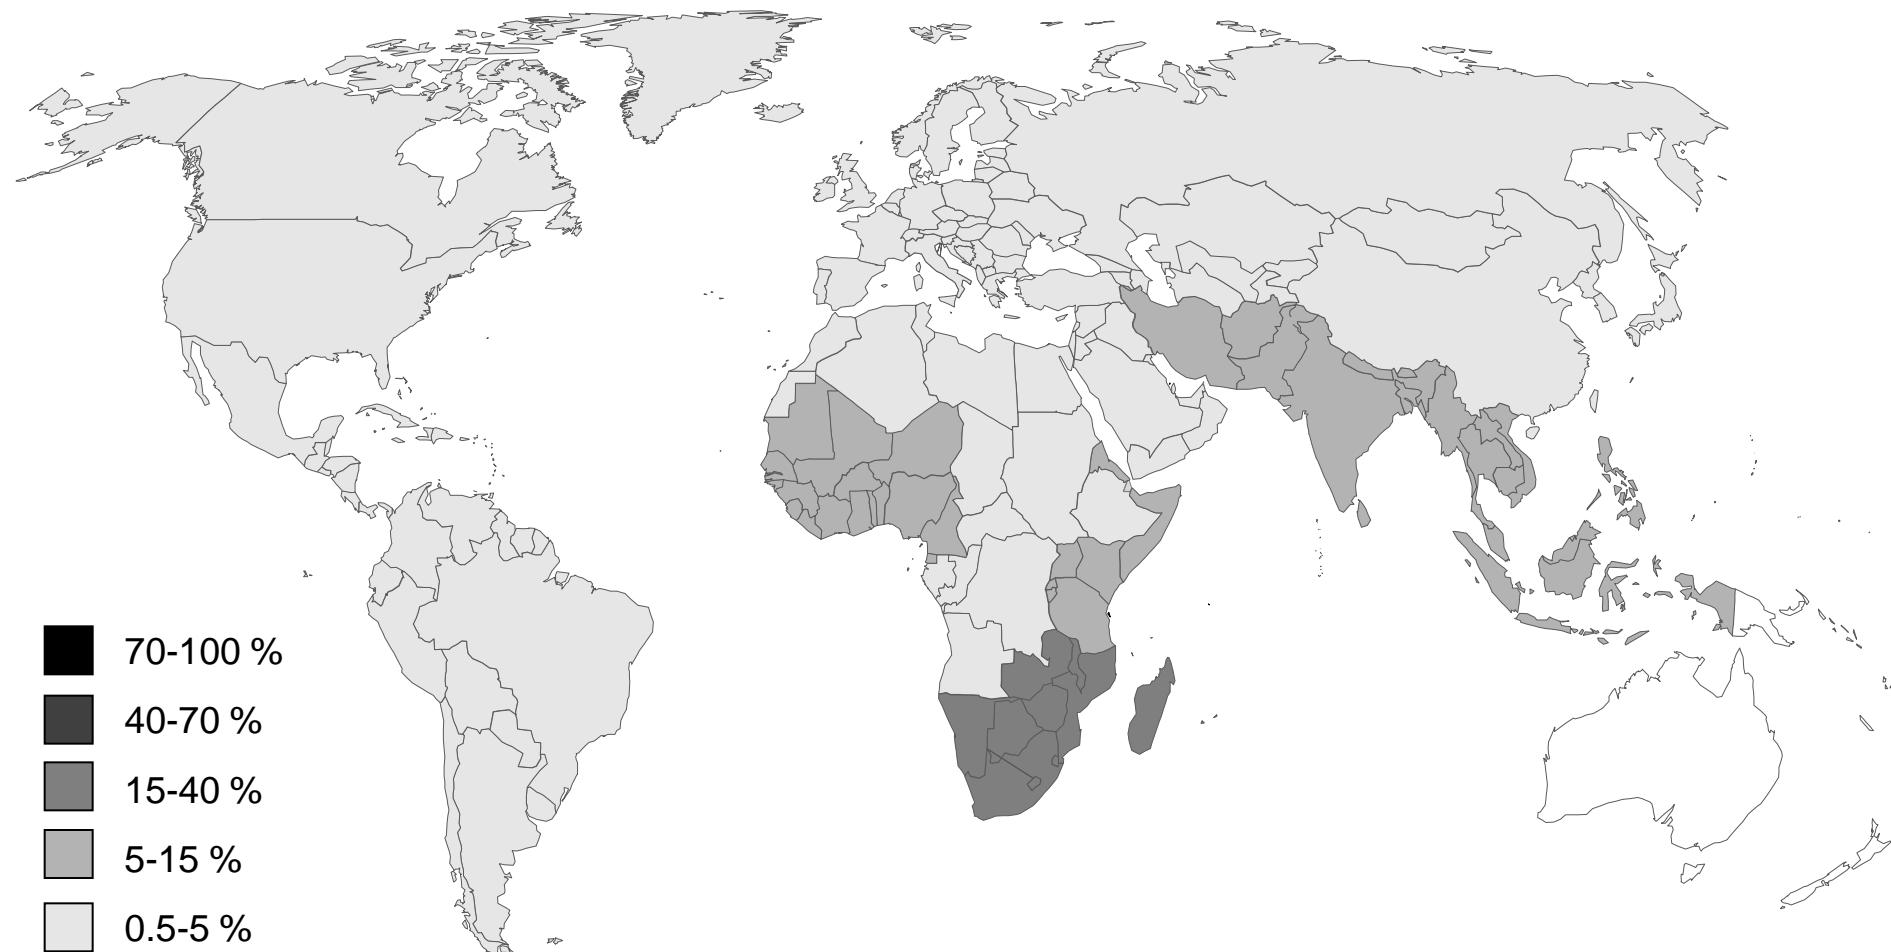

Percentage of global total

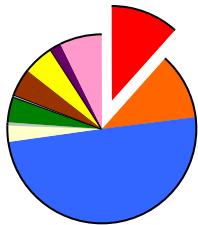

Global distribution of HIV-1

2004-2007

33.000.000

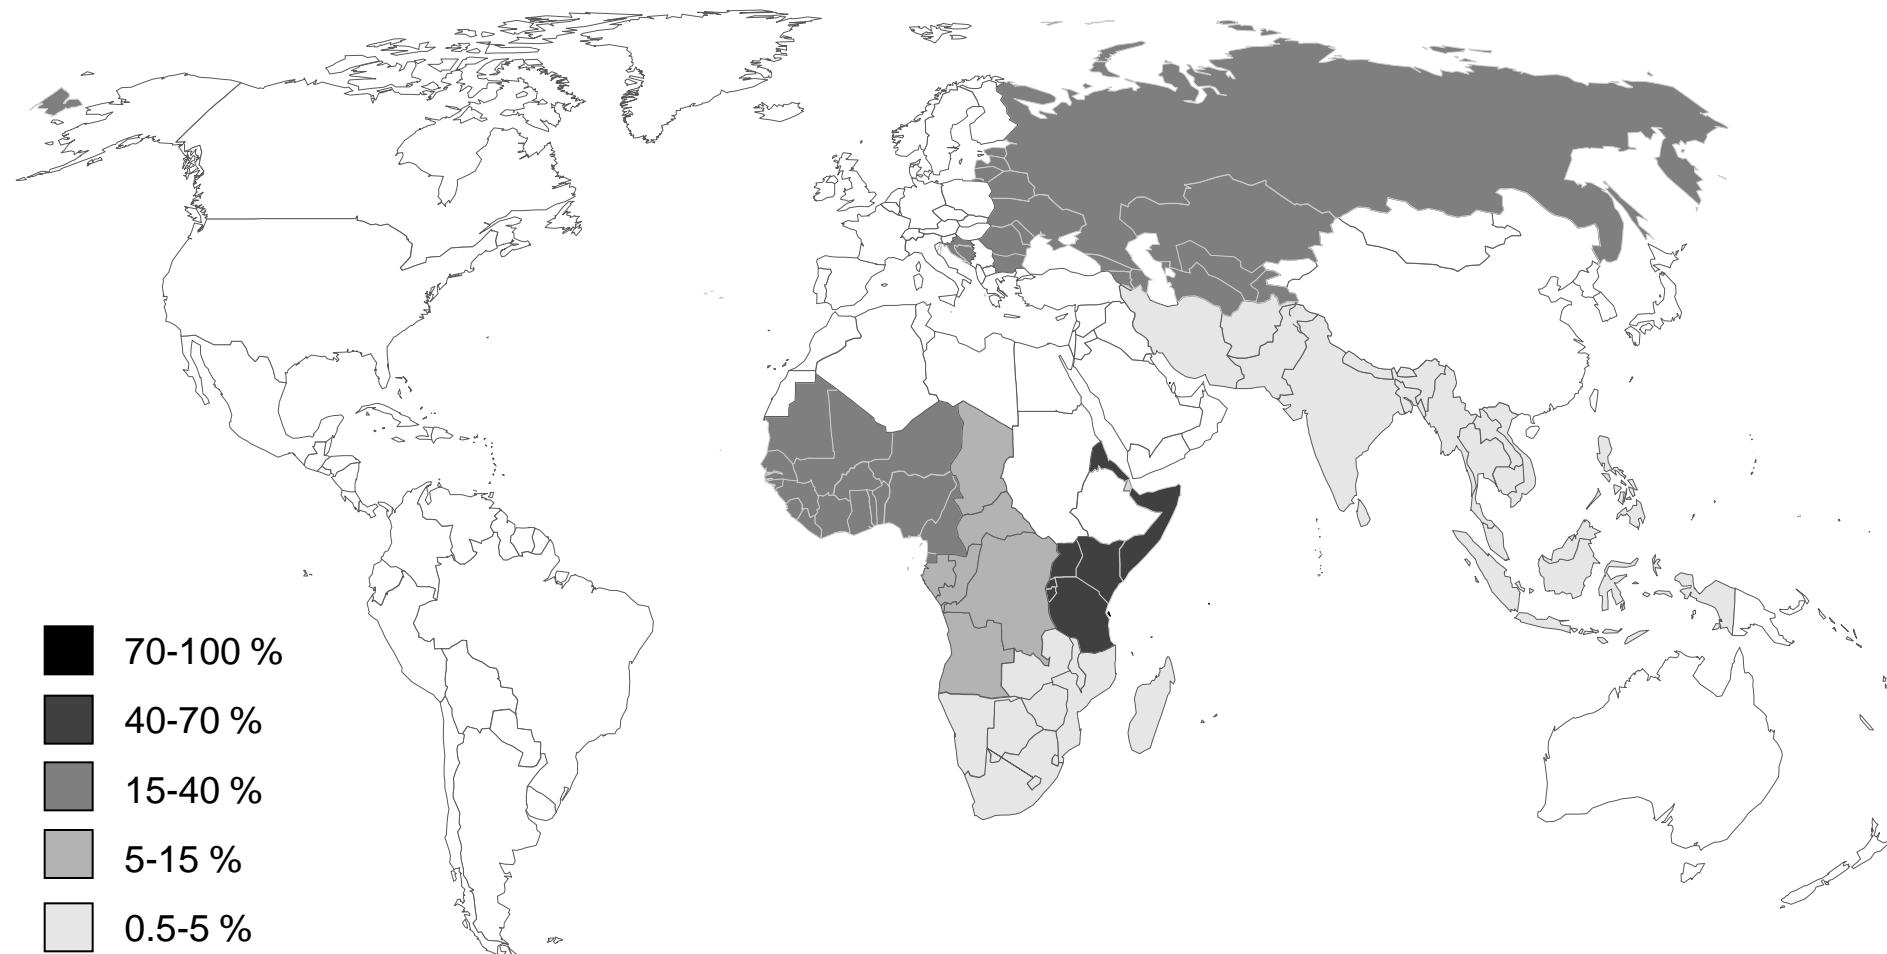

Percentage of global total

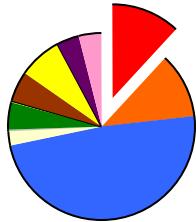

3.500.000

Global distribution of subtype A 2000-2003

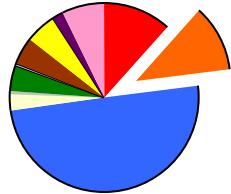

Percentage of global total

3.900.000

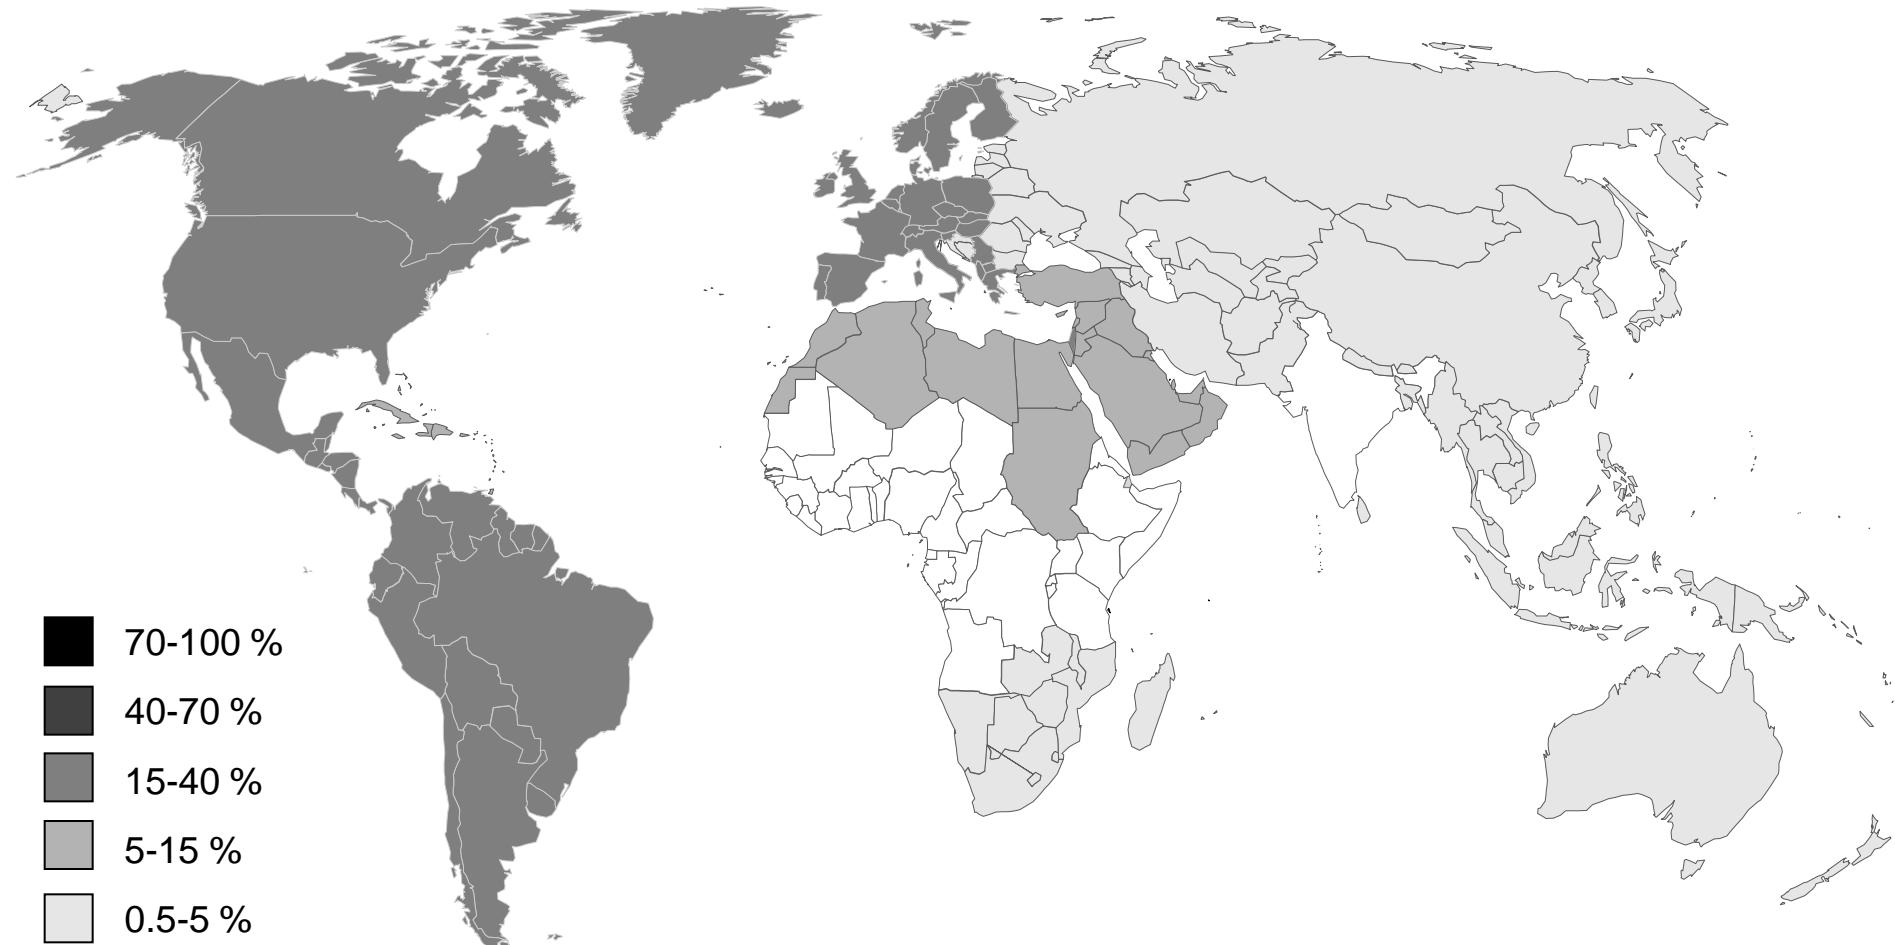

Global distribution of subtype A 2004-2007

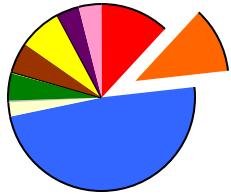

3.500.000

Global distribution of subtype B 2000-2003

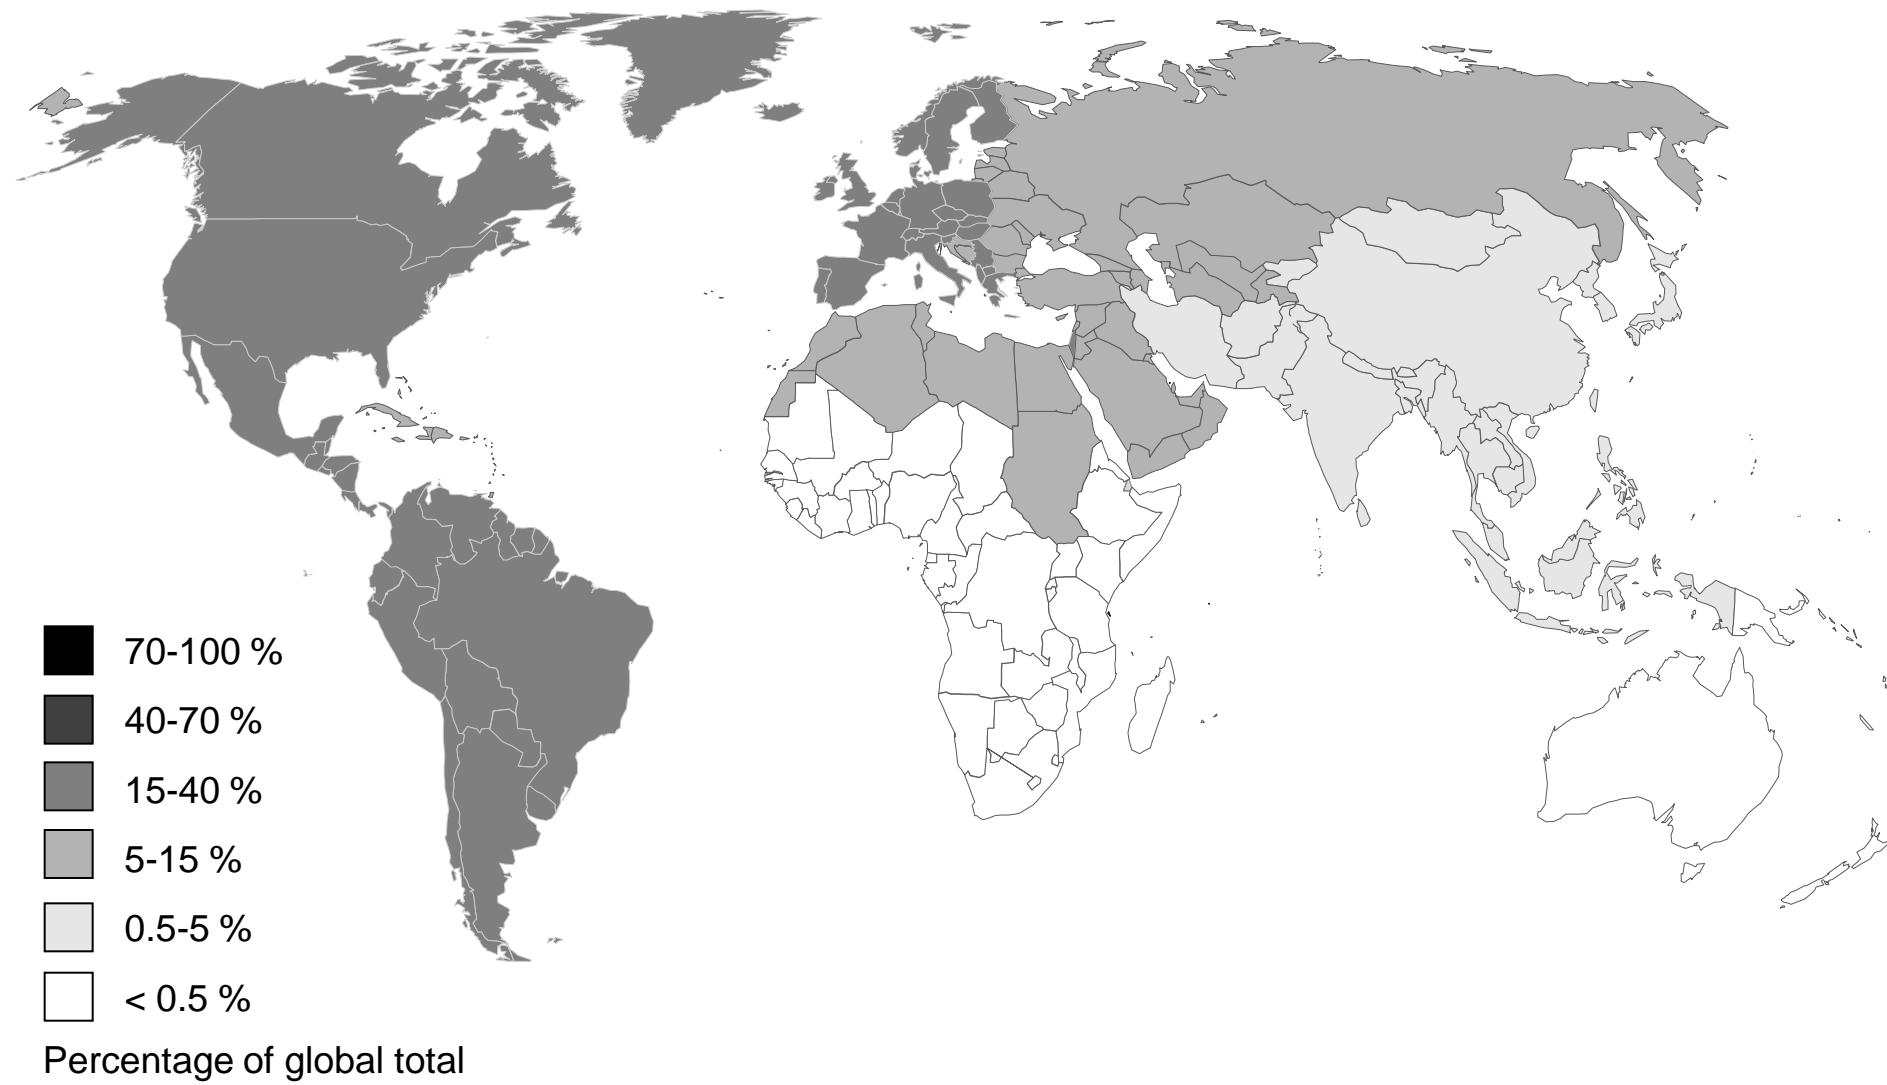

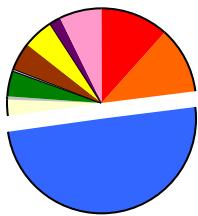

Percentage of global total

3.700.000

Global distribution of subtype B 2004-2007

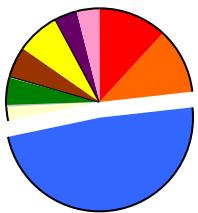

14.900.000

Global distribution of subtype C 2000-2003

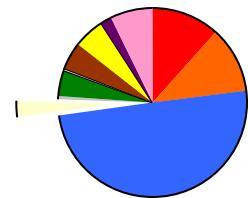

15.800.000

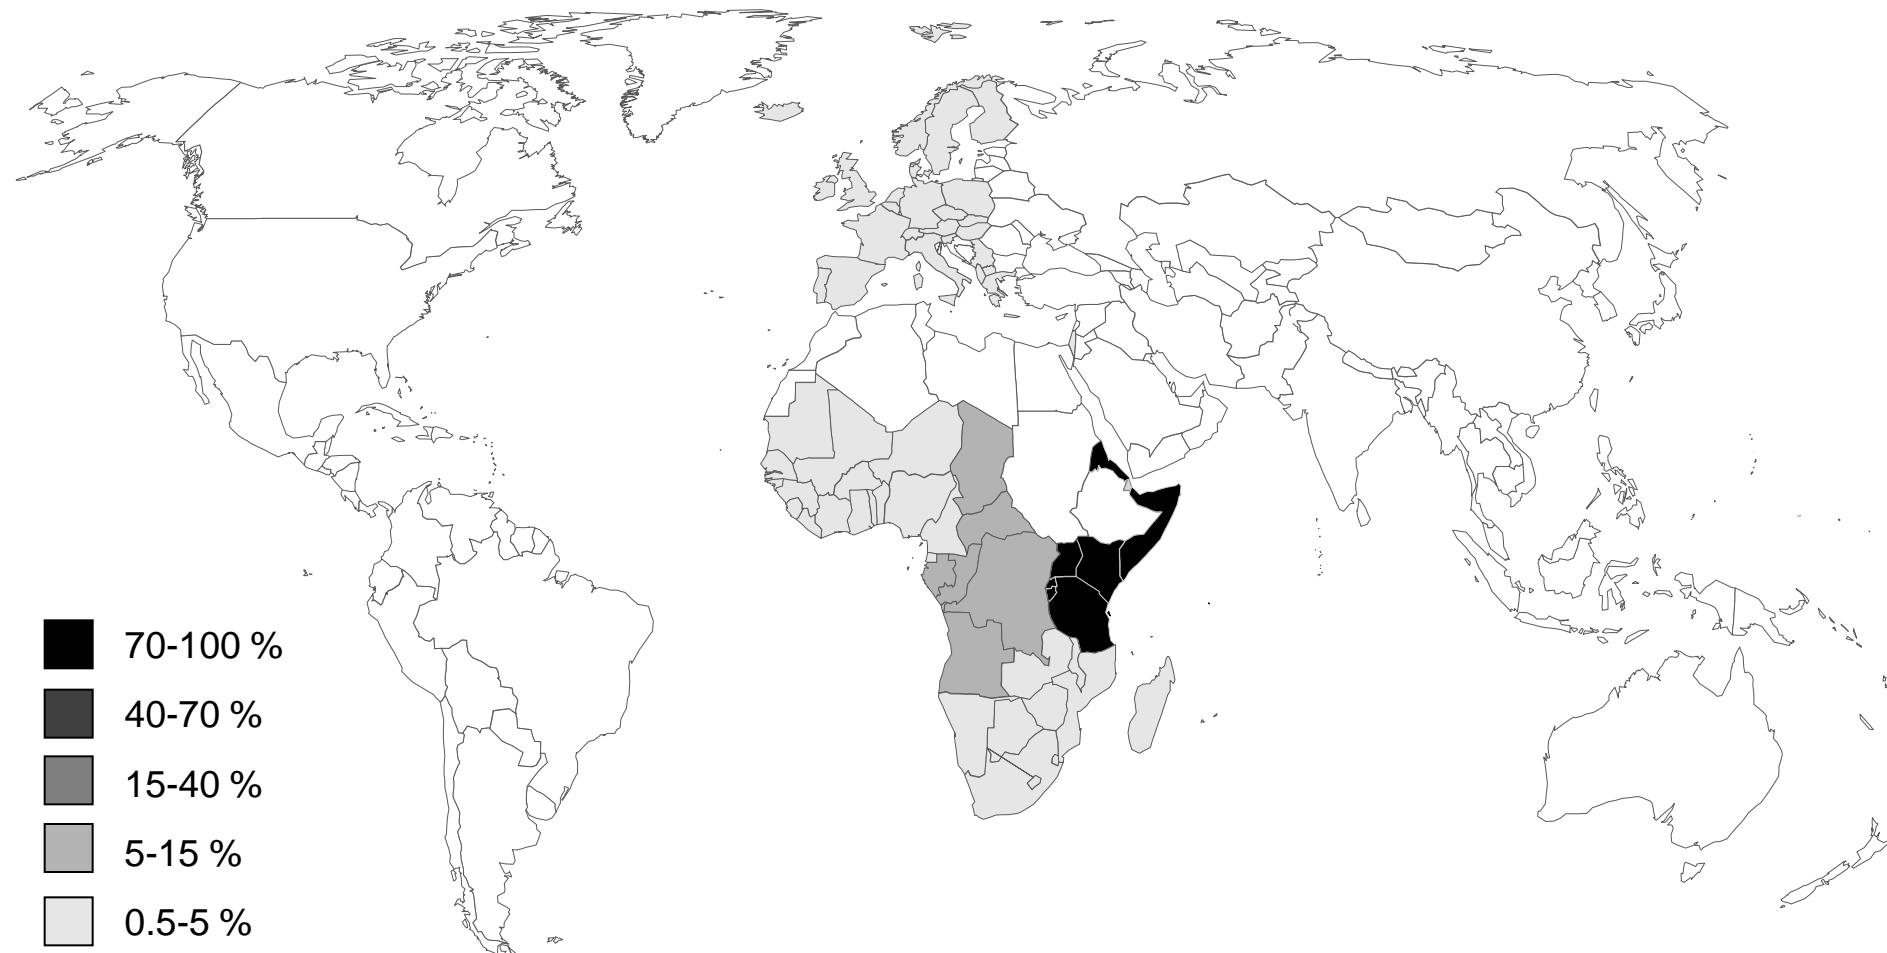

Global distribution of subtype C 2004-2007

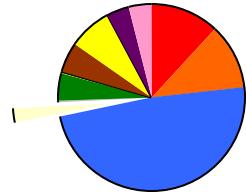

860.000

Global distribution of subtype D 2000-2003

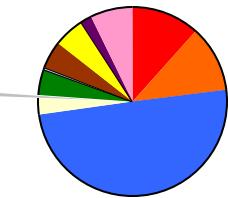

Percentage of global total

820.000

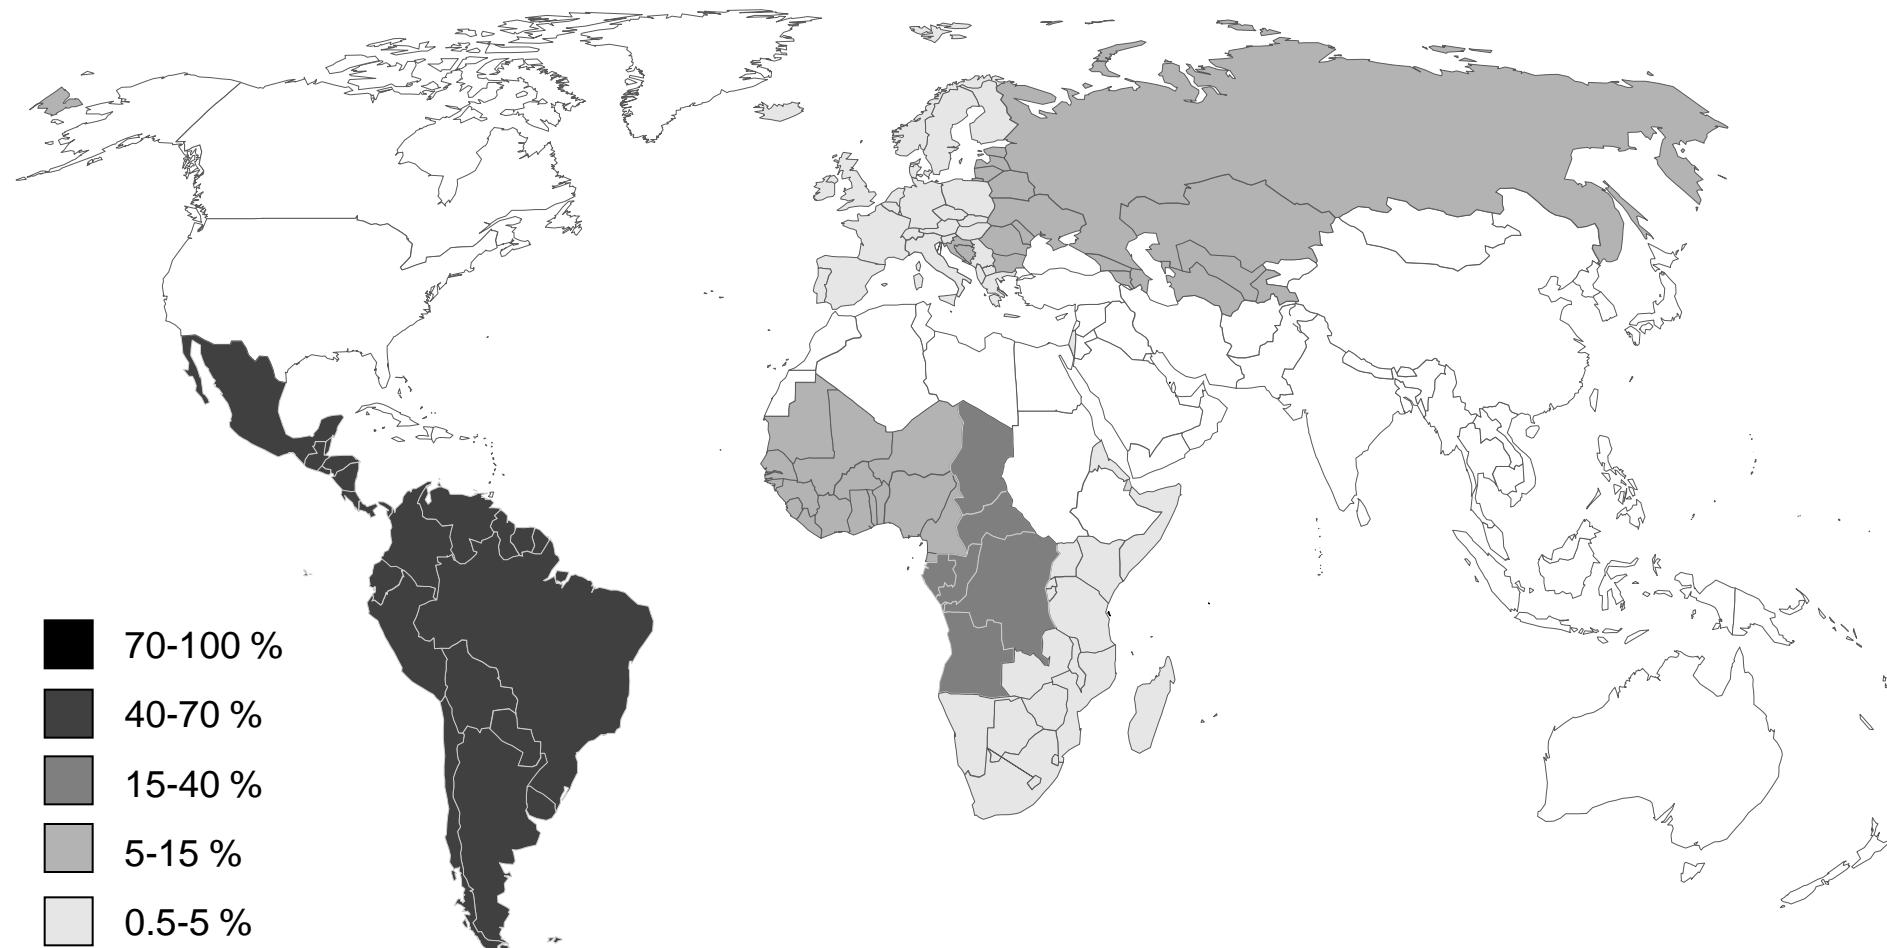

Global distribution of subtype D 2004-2007

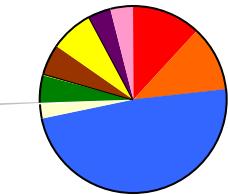

130.000

Global distribution of subtype F 2000-2003

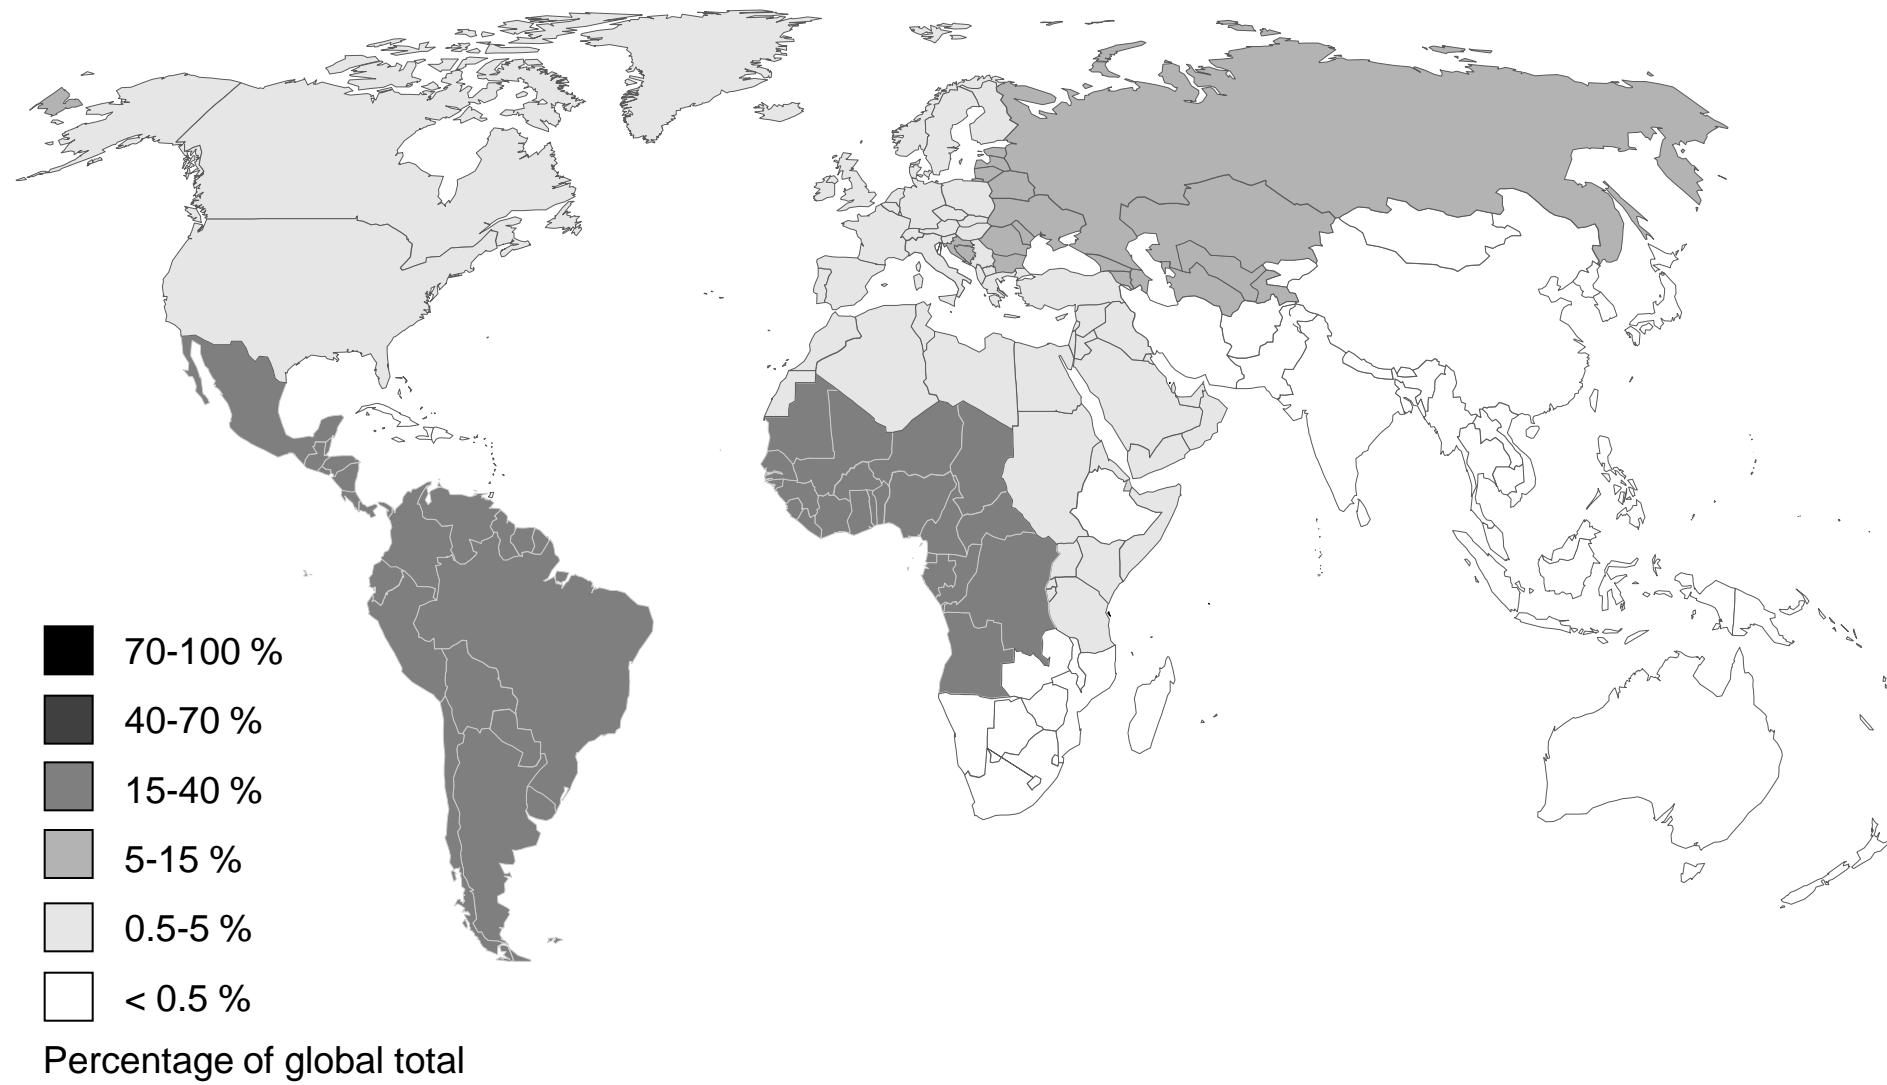

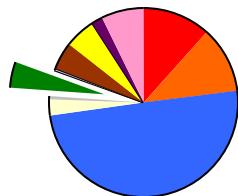

Percentage of global total

150.000

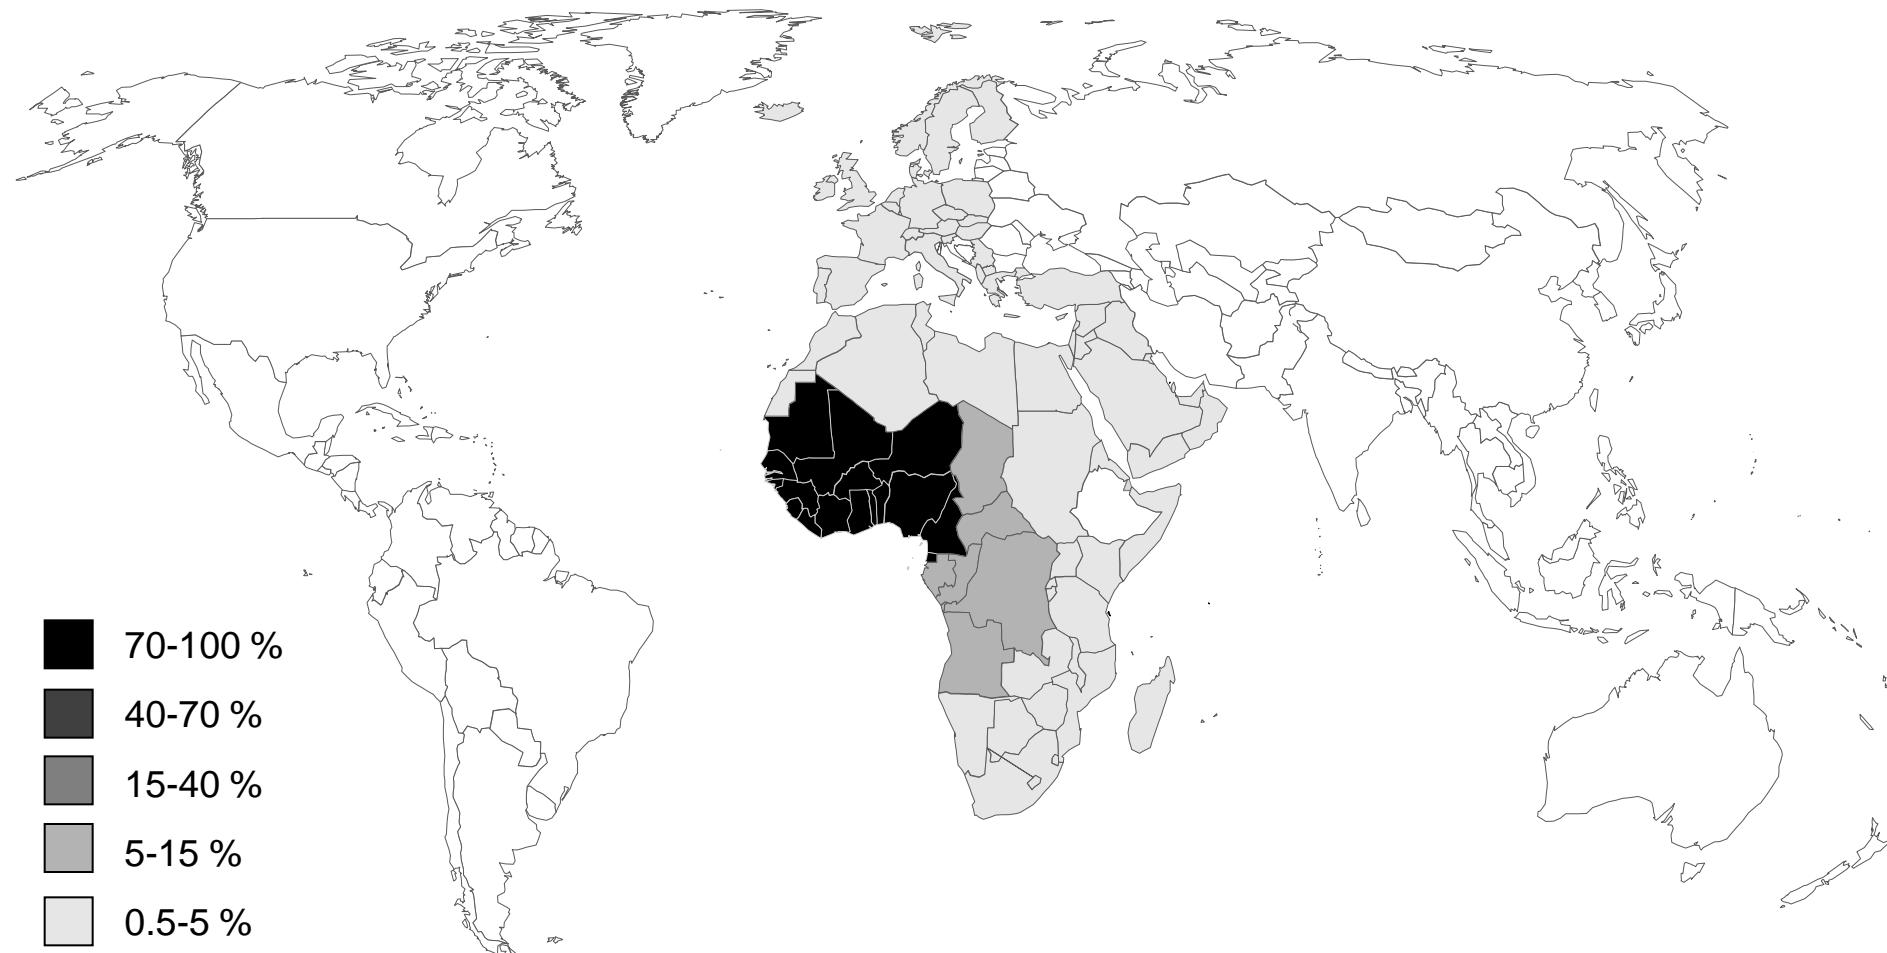

Global distribution of subtype F 2004-2007

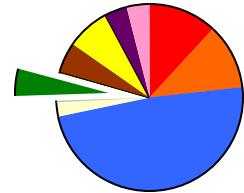

1.400.000

Global distribution of subtype G 2000-2003

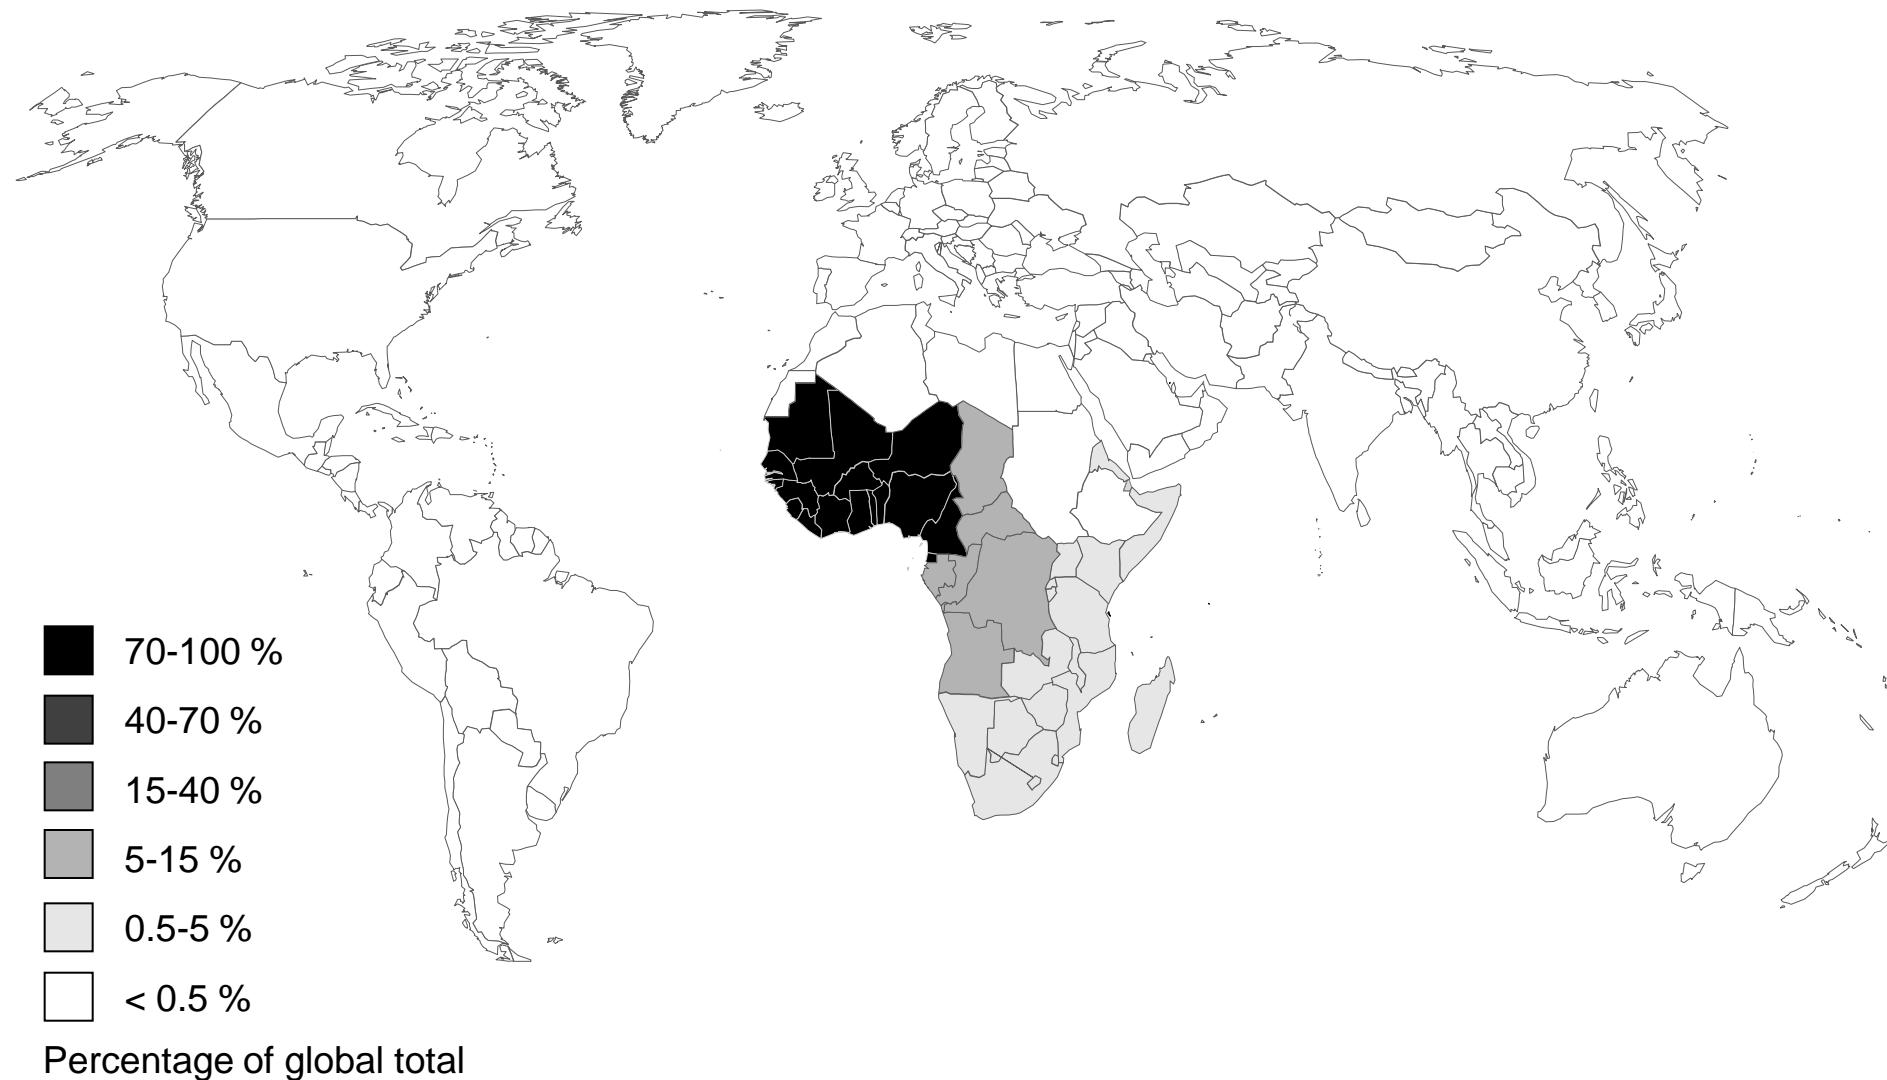

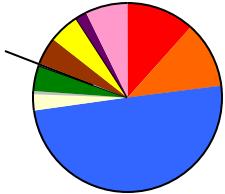

Percentage of global total

1.500.000

Global distribution of subtype G 2004-2007

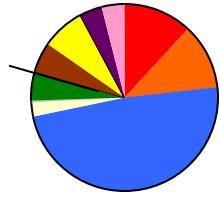

Global distribution of subtype H 2000-2003

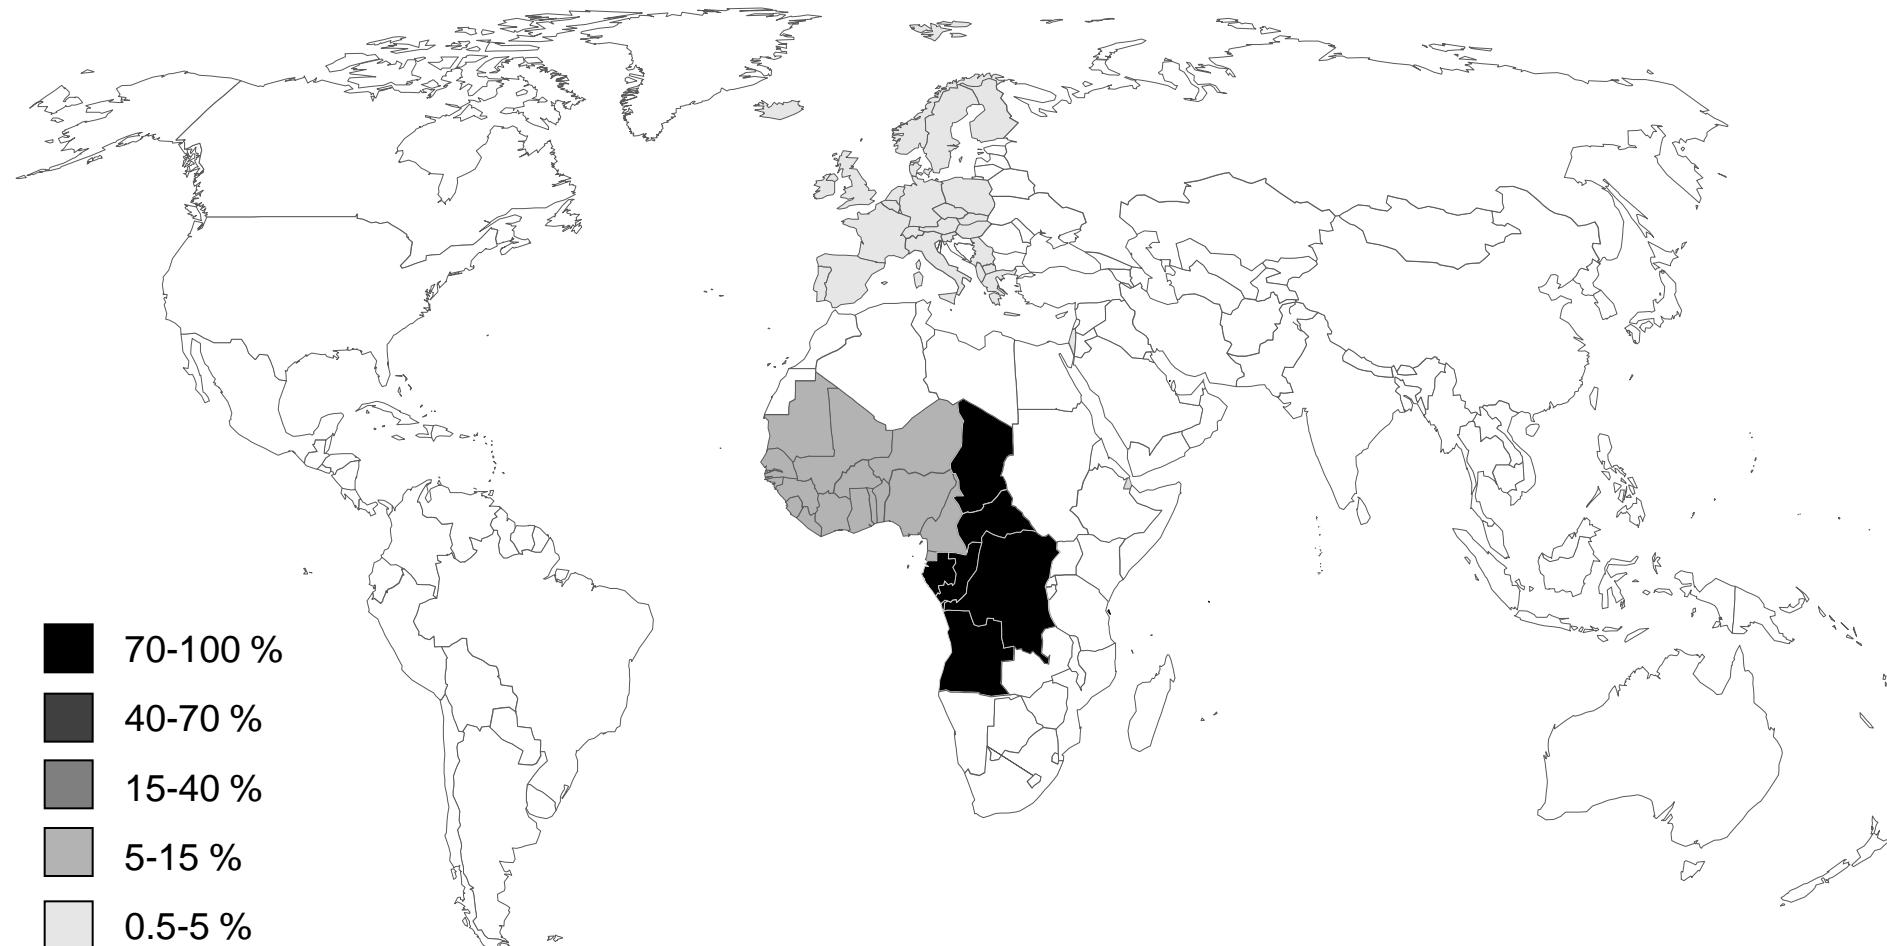

Percentage of global total

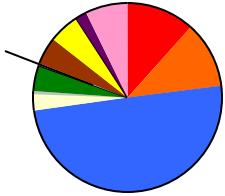

85.000

Global distribution of subtype H 2004-2007

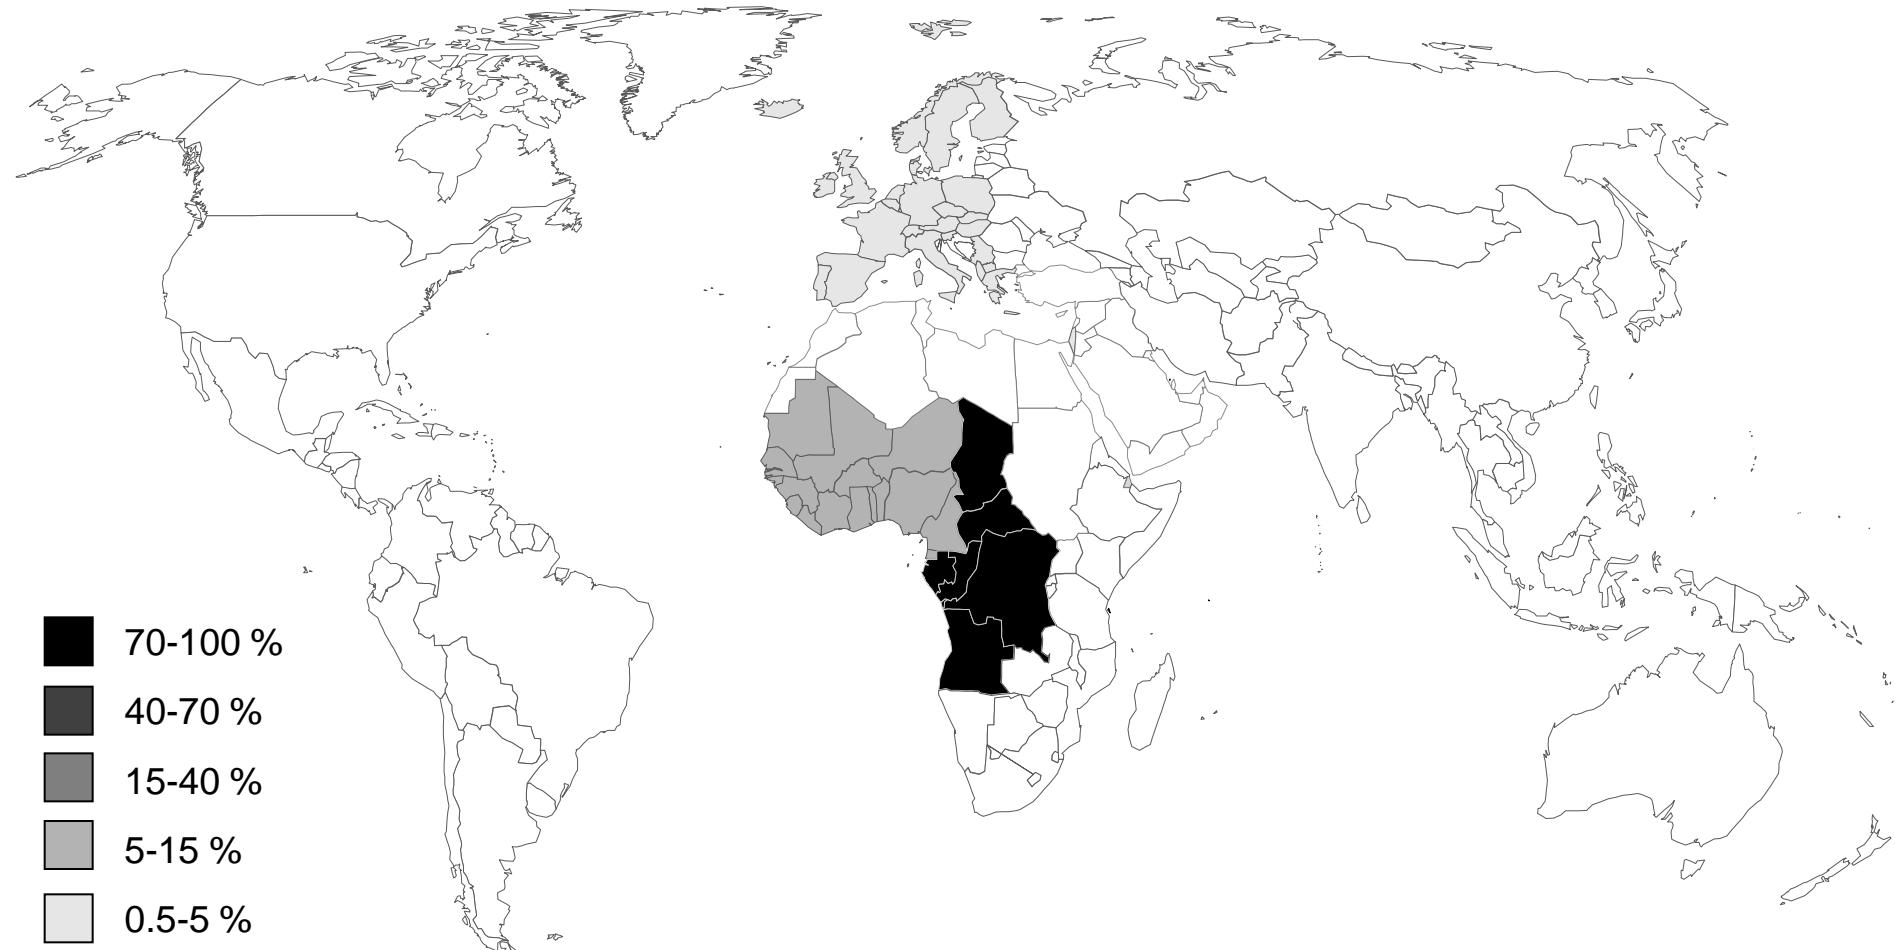

Percentage of global total

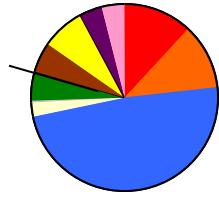

Global distribution of subtype J

2000-2003

71.000

Percentage of global total

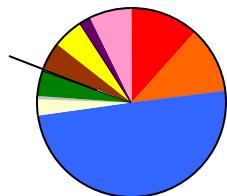

38.000

Global distribution of subtype J 2004-2007

Percentage of global total

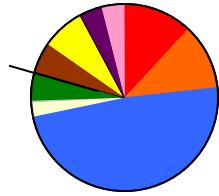

7.100

Global distribution of subtype K 2000-2003

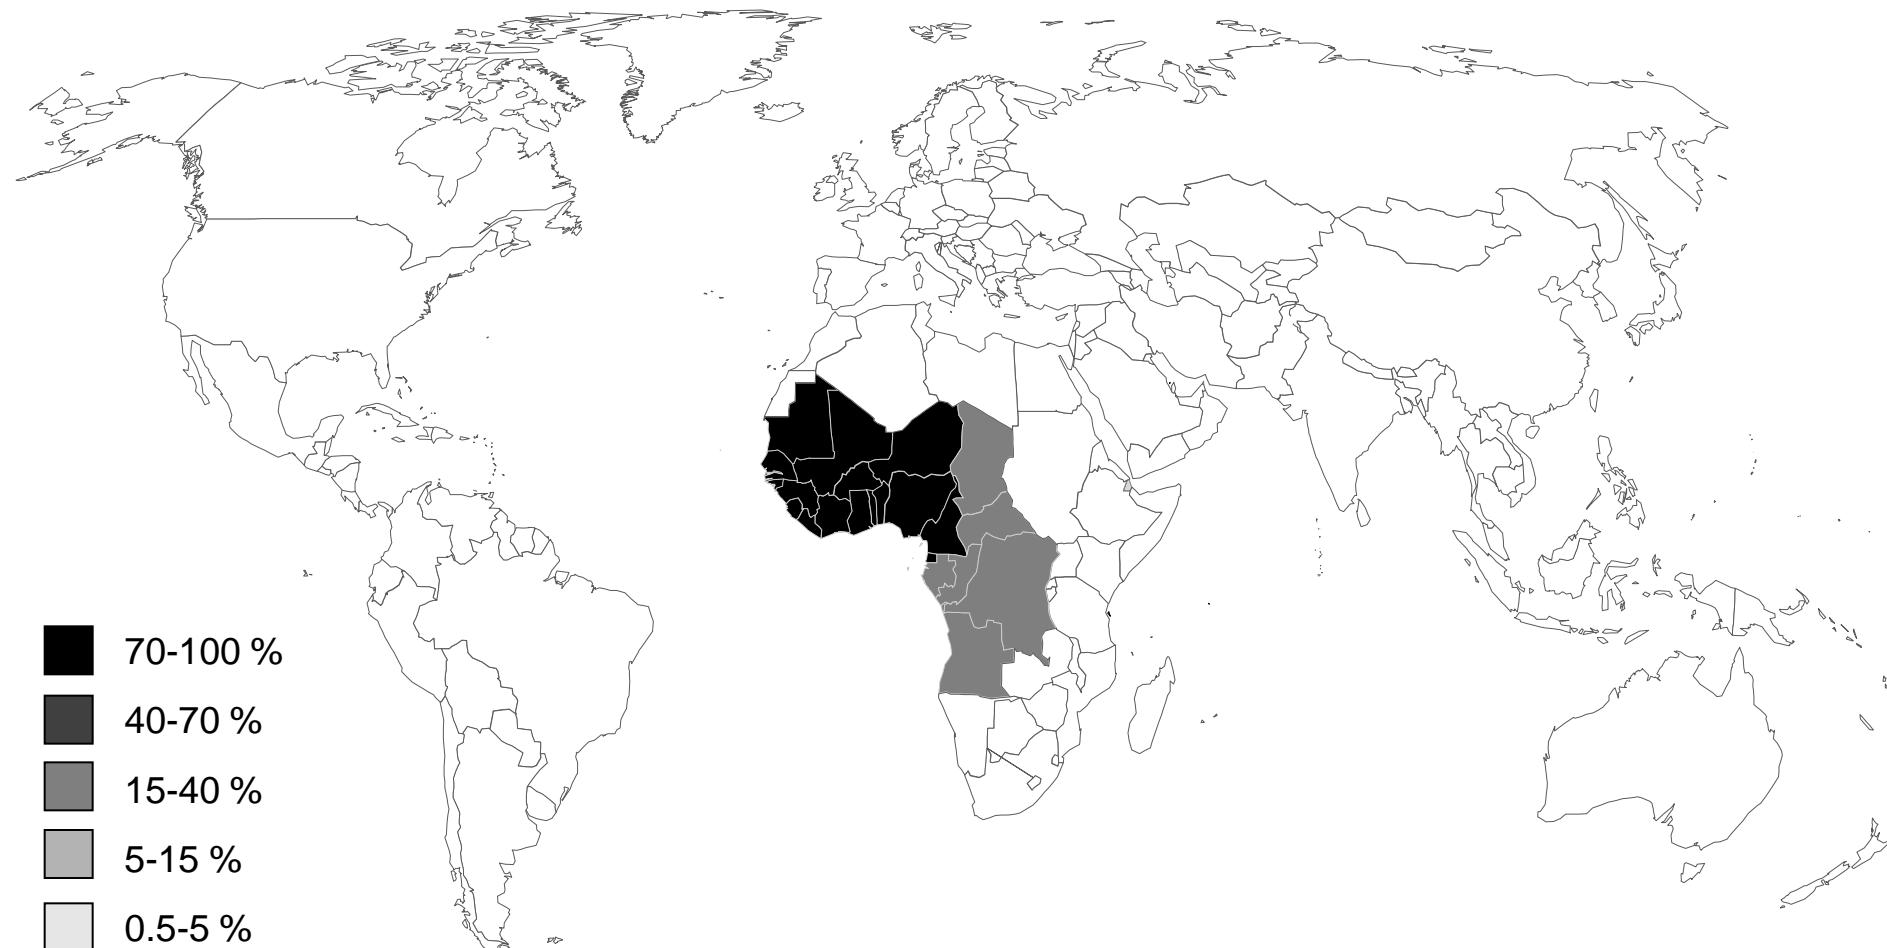

Percentage of global total

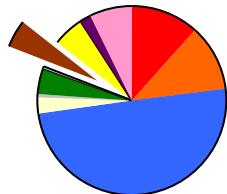

3.400

Global distribution of subtype K 2004-2007

Percentage of global total

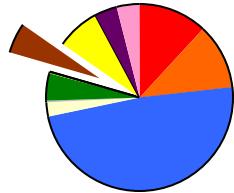

1.400.000

Global distribution of CRF01_AE 2000-2003

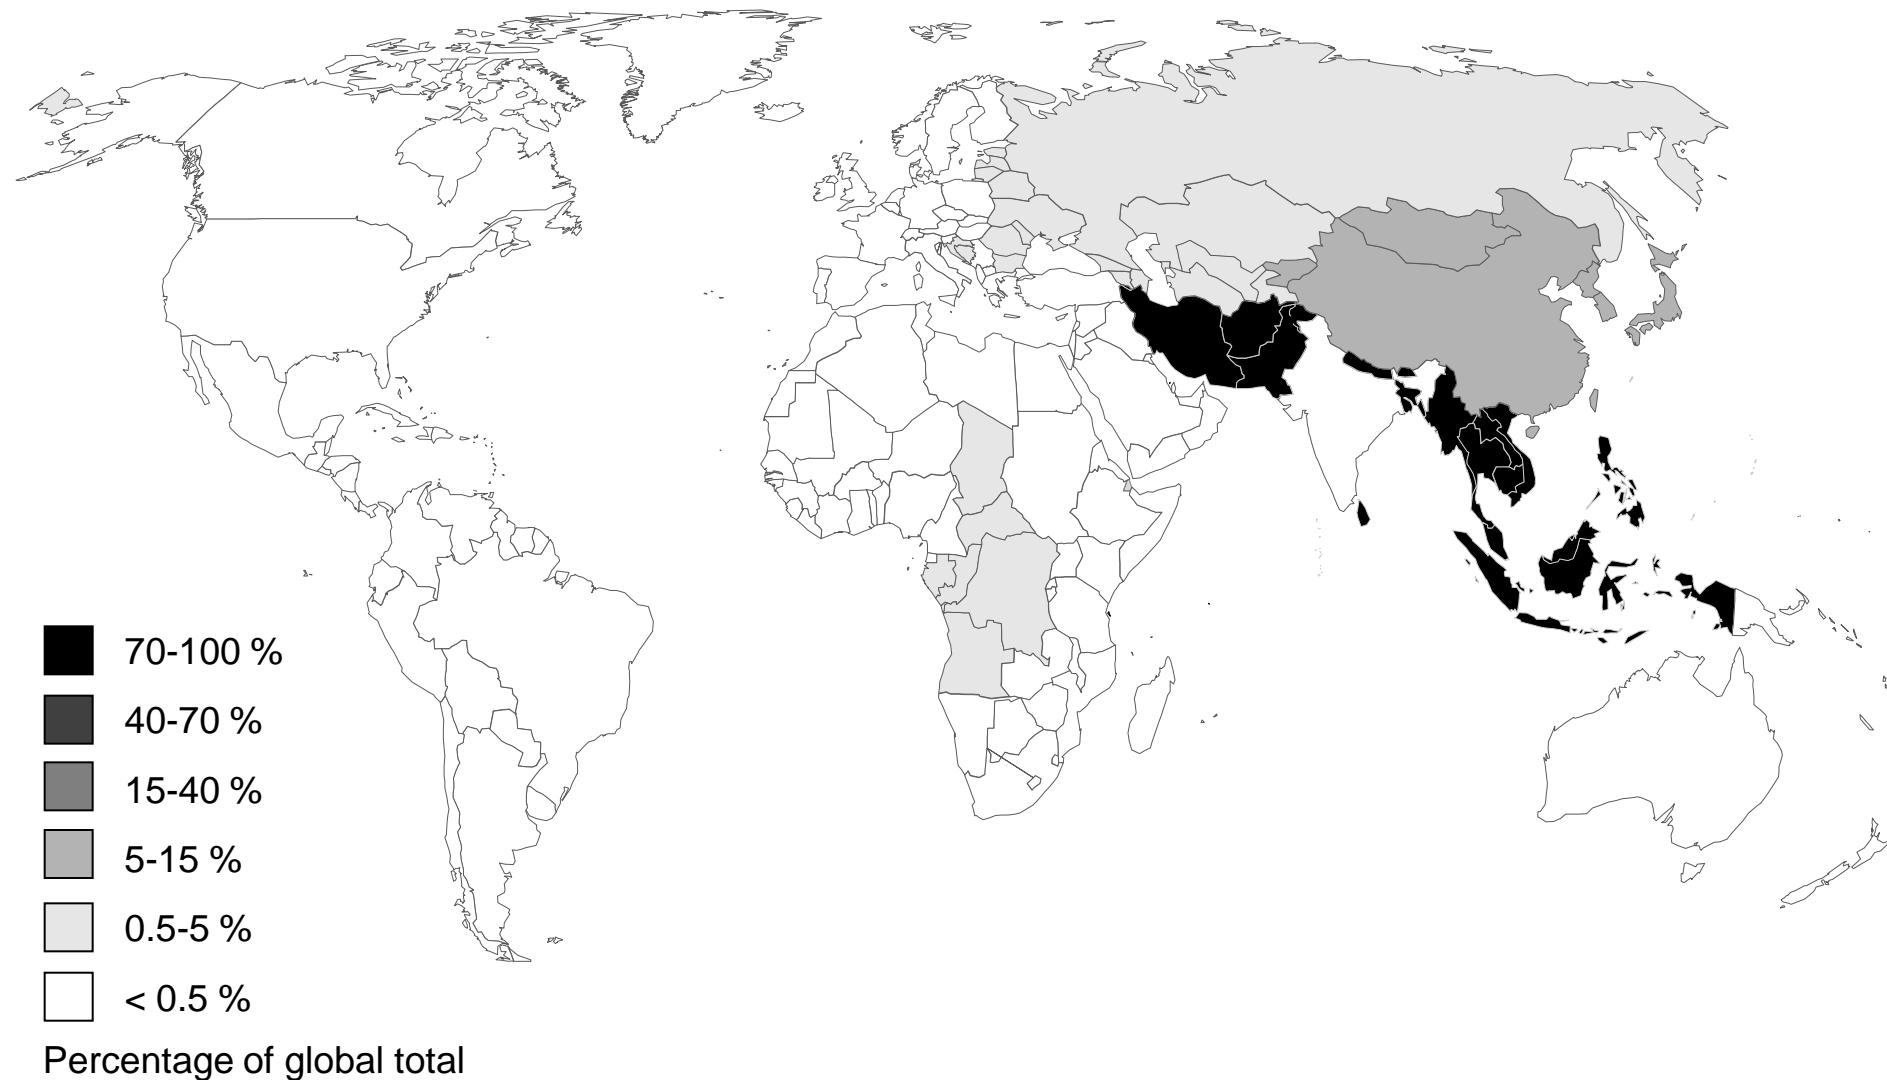

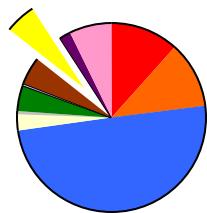

Percentage of global total

1.700.000

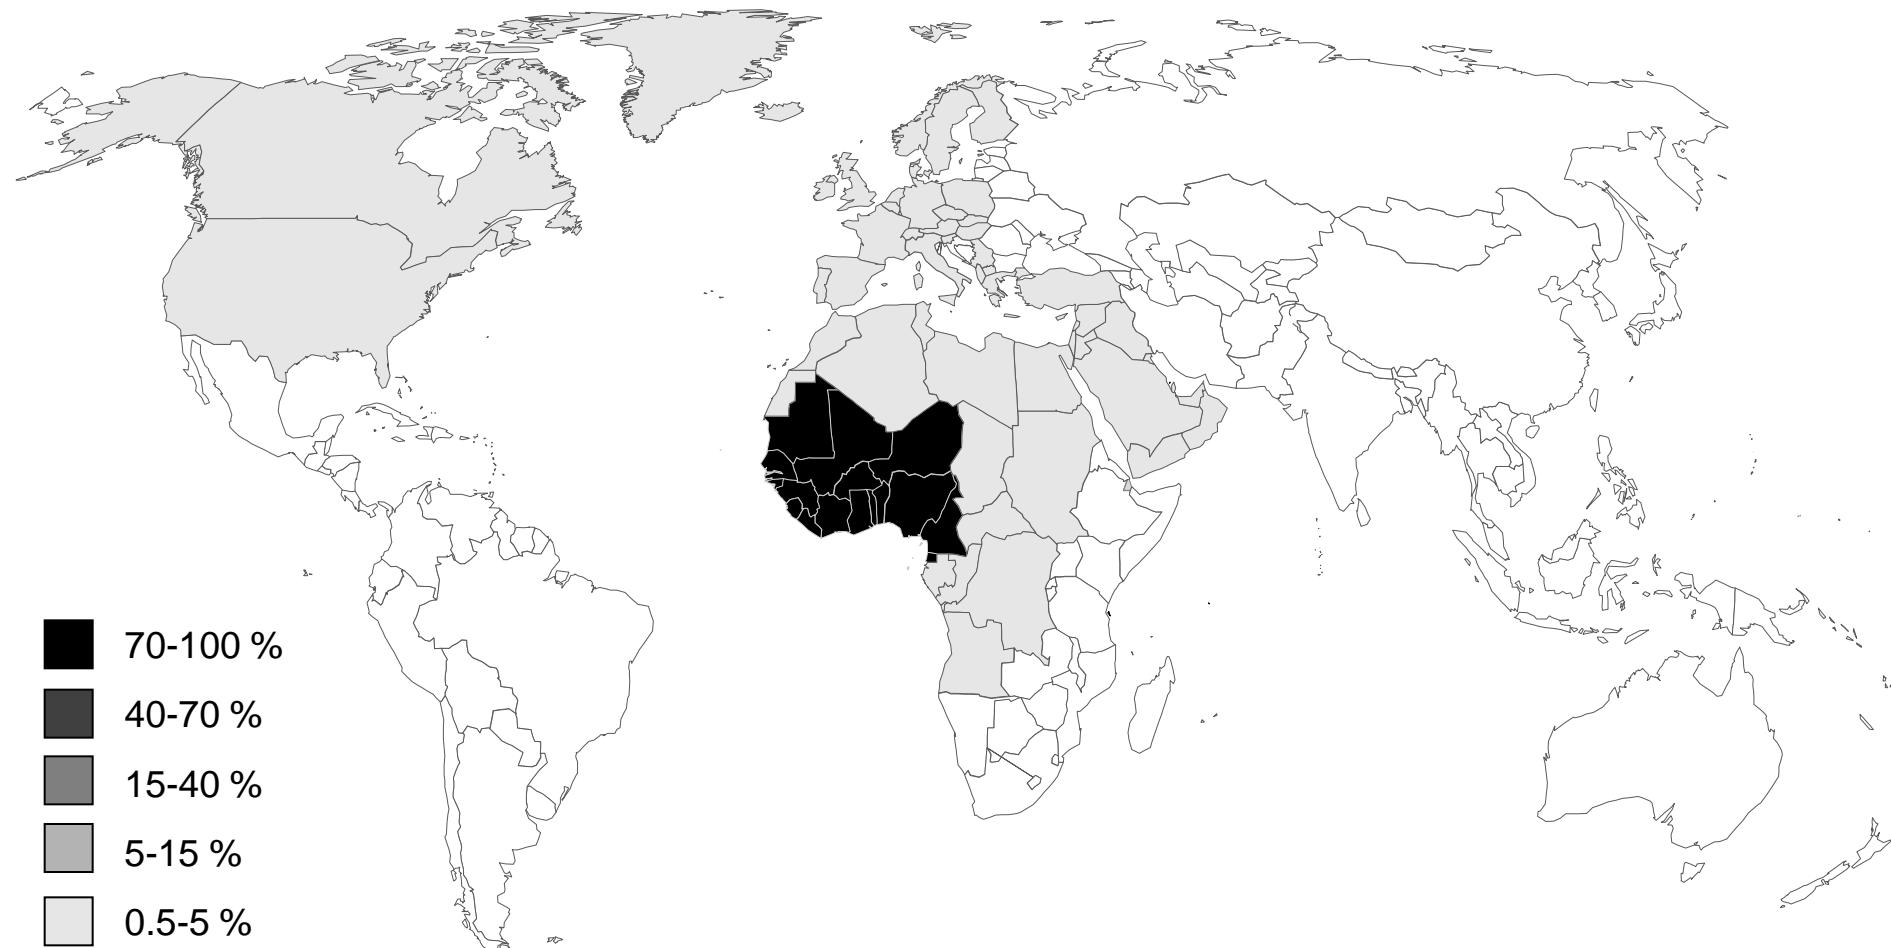

Global distribution of CRF01_AE 2004-2007

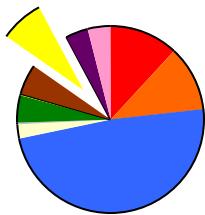

1.600.000

Global distribution of CRF02_AG 2000-2003

Percentage of global total

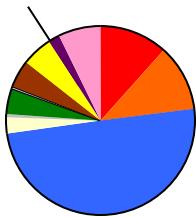

2.500.000

Global distribution of CRF02_AG 2004-2007

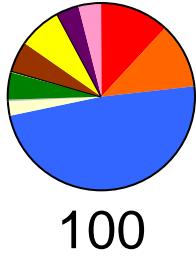

Percentage of global total

12.000

Global distribution of CRF03_AB 2000-2003

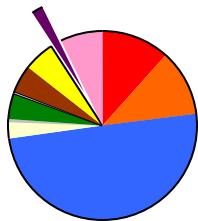

Global distribution of CRF03_AB

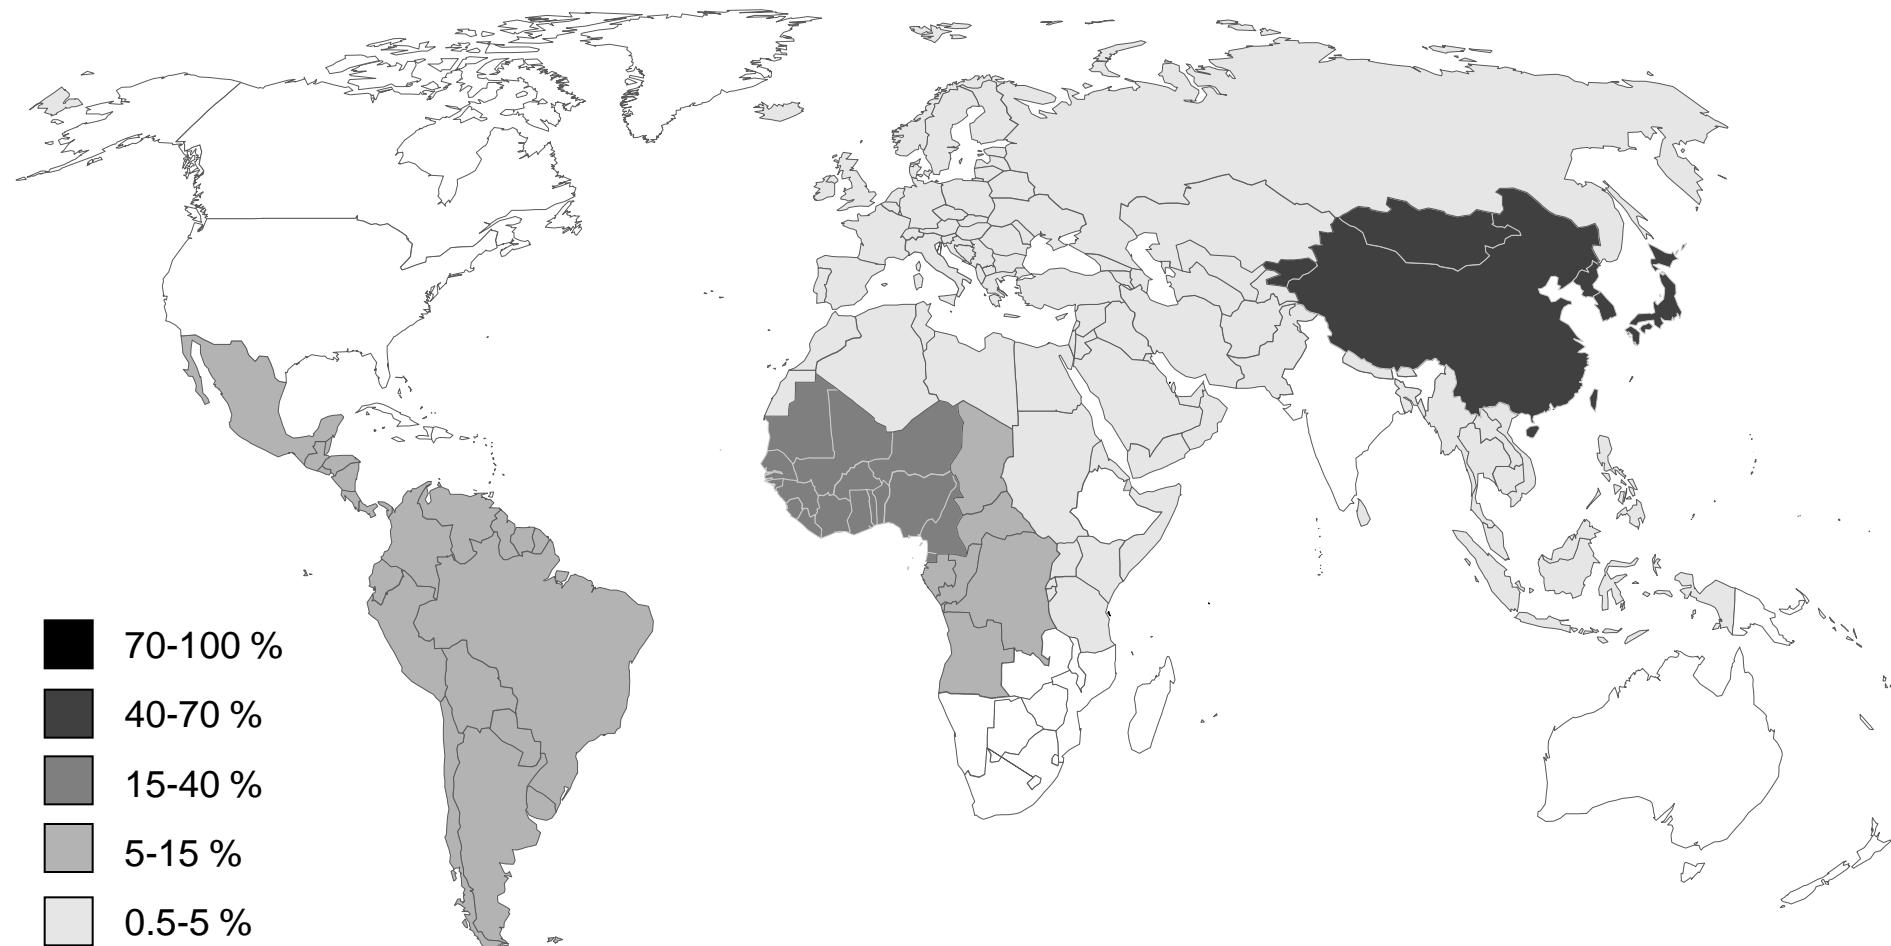

2004-2007

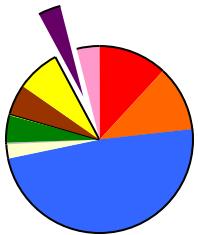

590.000

Global distribution of other CRFs 2000-2003

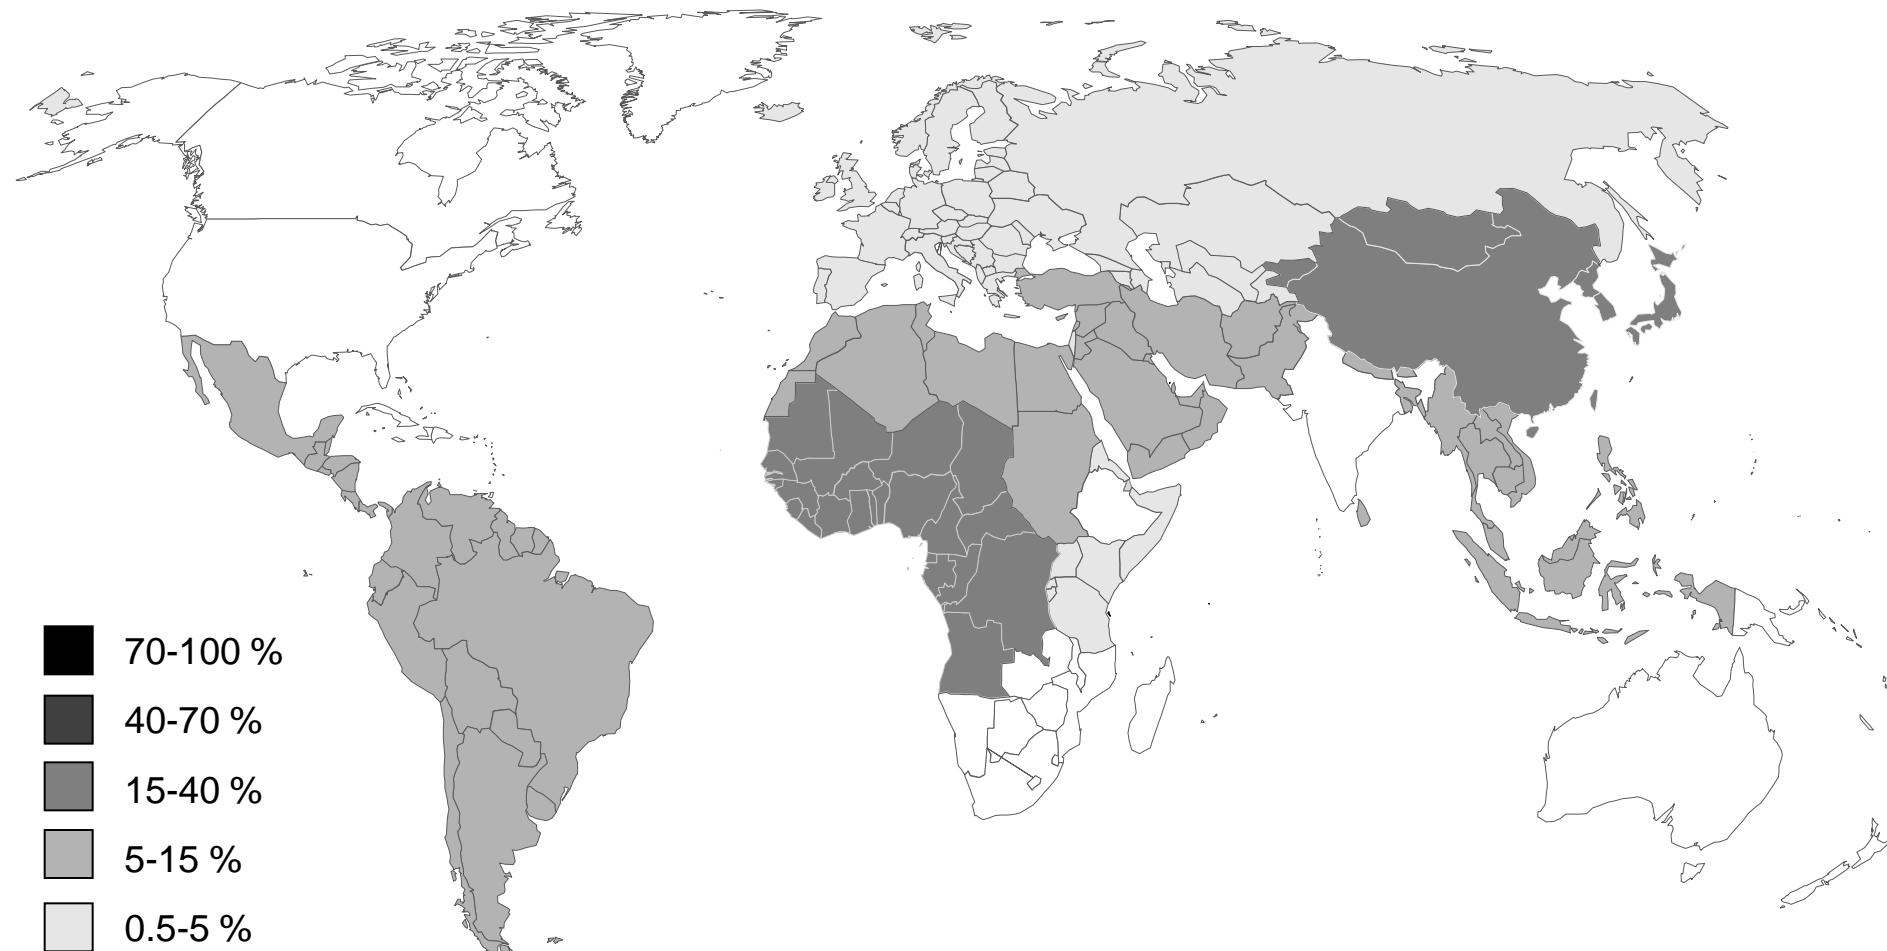

Percentage of global total

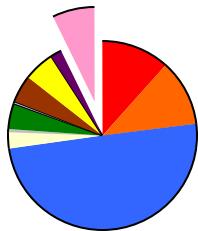

1.200.000

Global distribution of other CRFs 2004-2007

Percentage of global total

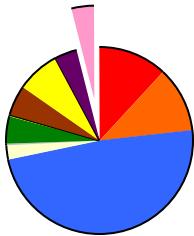

2.100.000

Global distribution of URFs 2000-2003

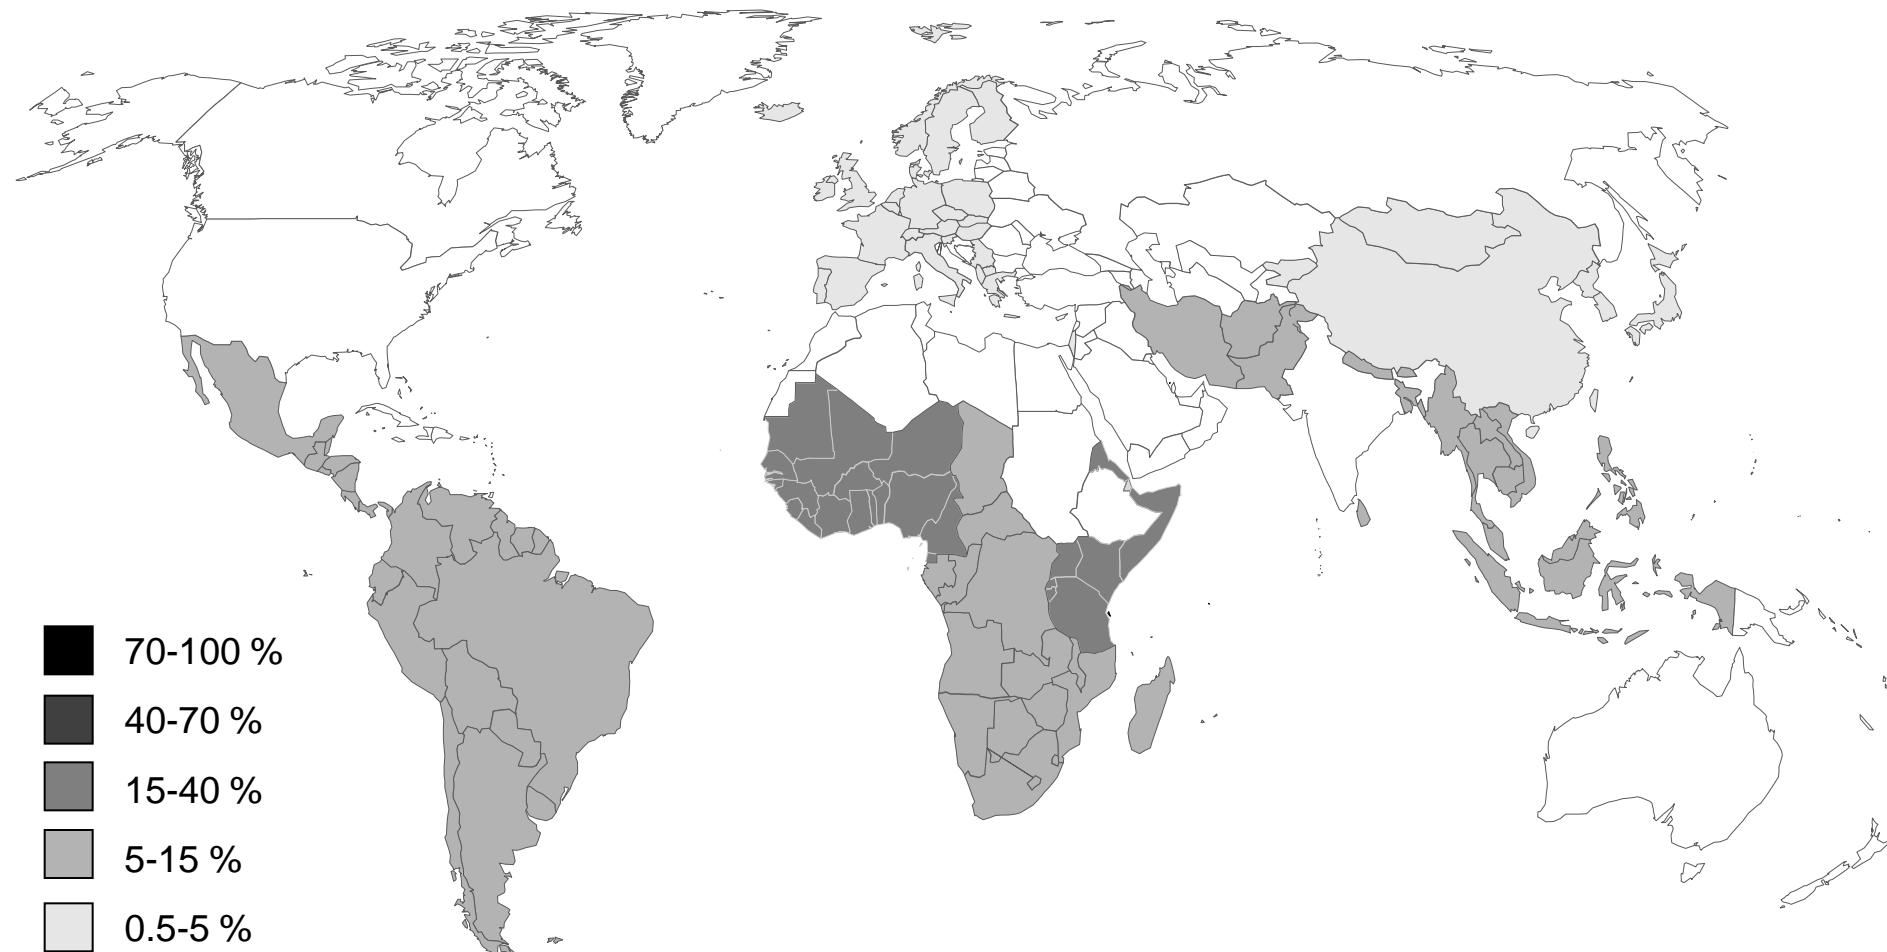

Percentage of global total

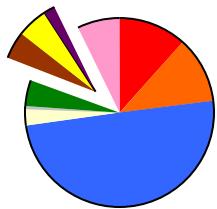

1.300.000

Global distribution of URFs 2004-2007

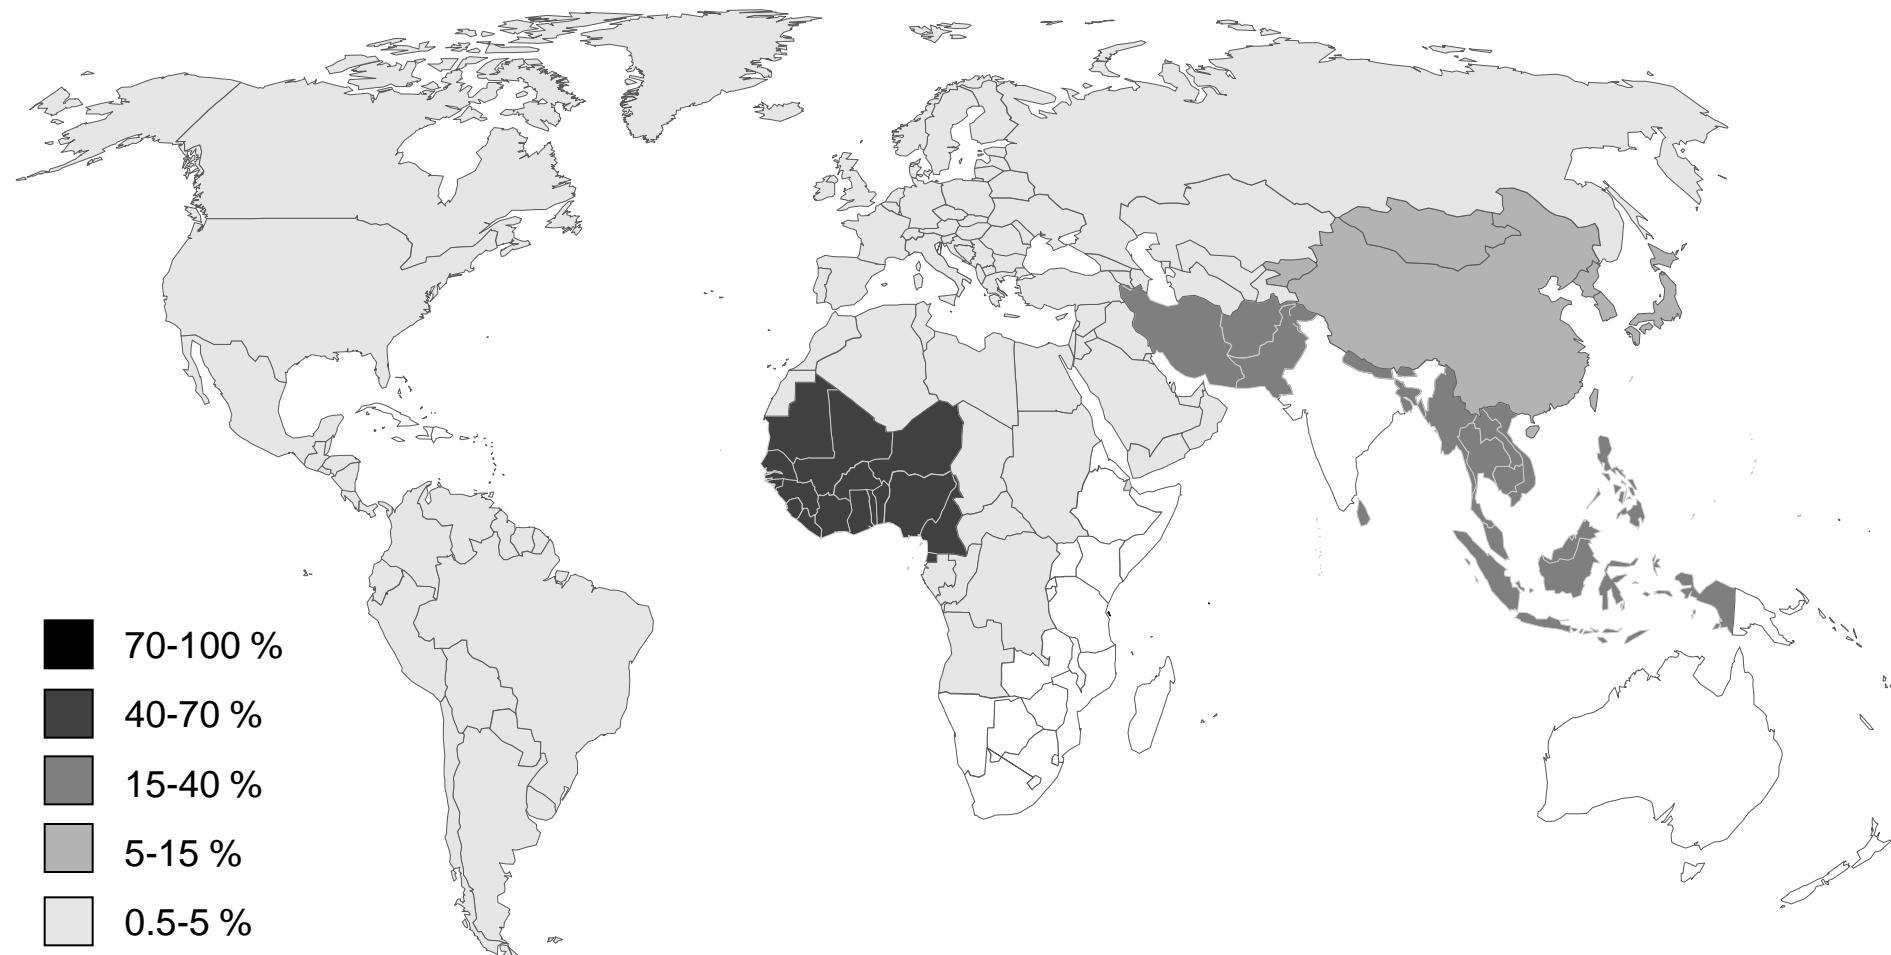

Percentage of global total

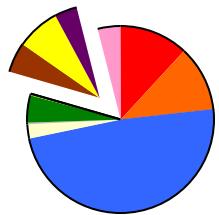

3.600.000

Global distribution of all CRFs 2000-2003

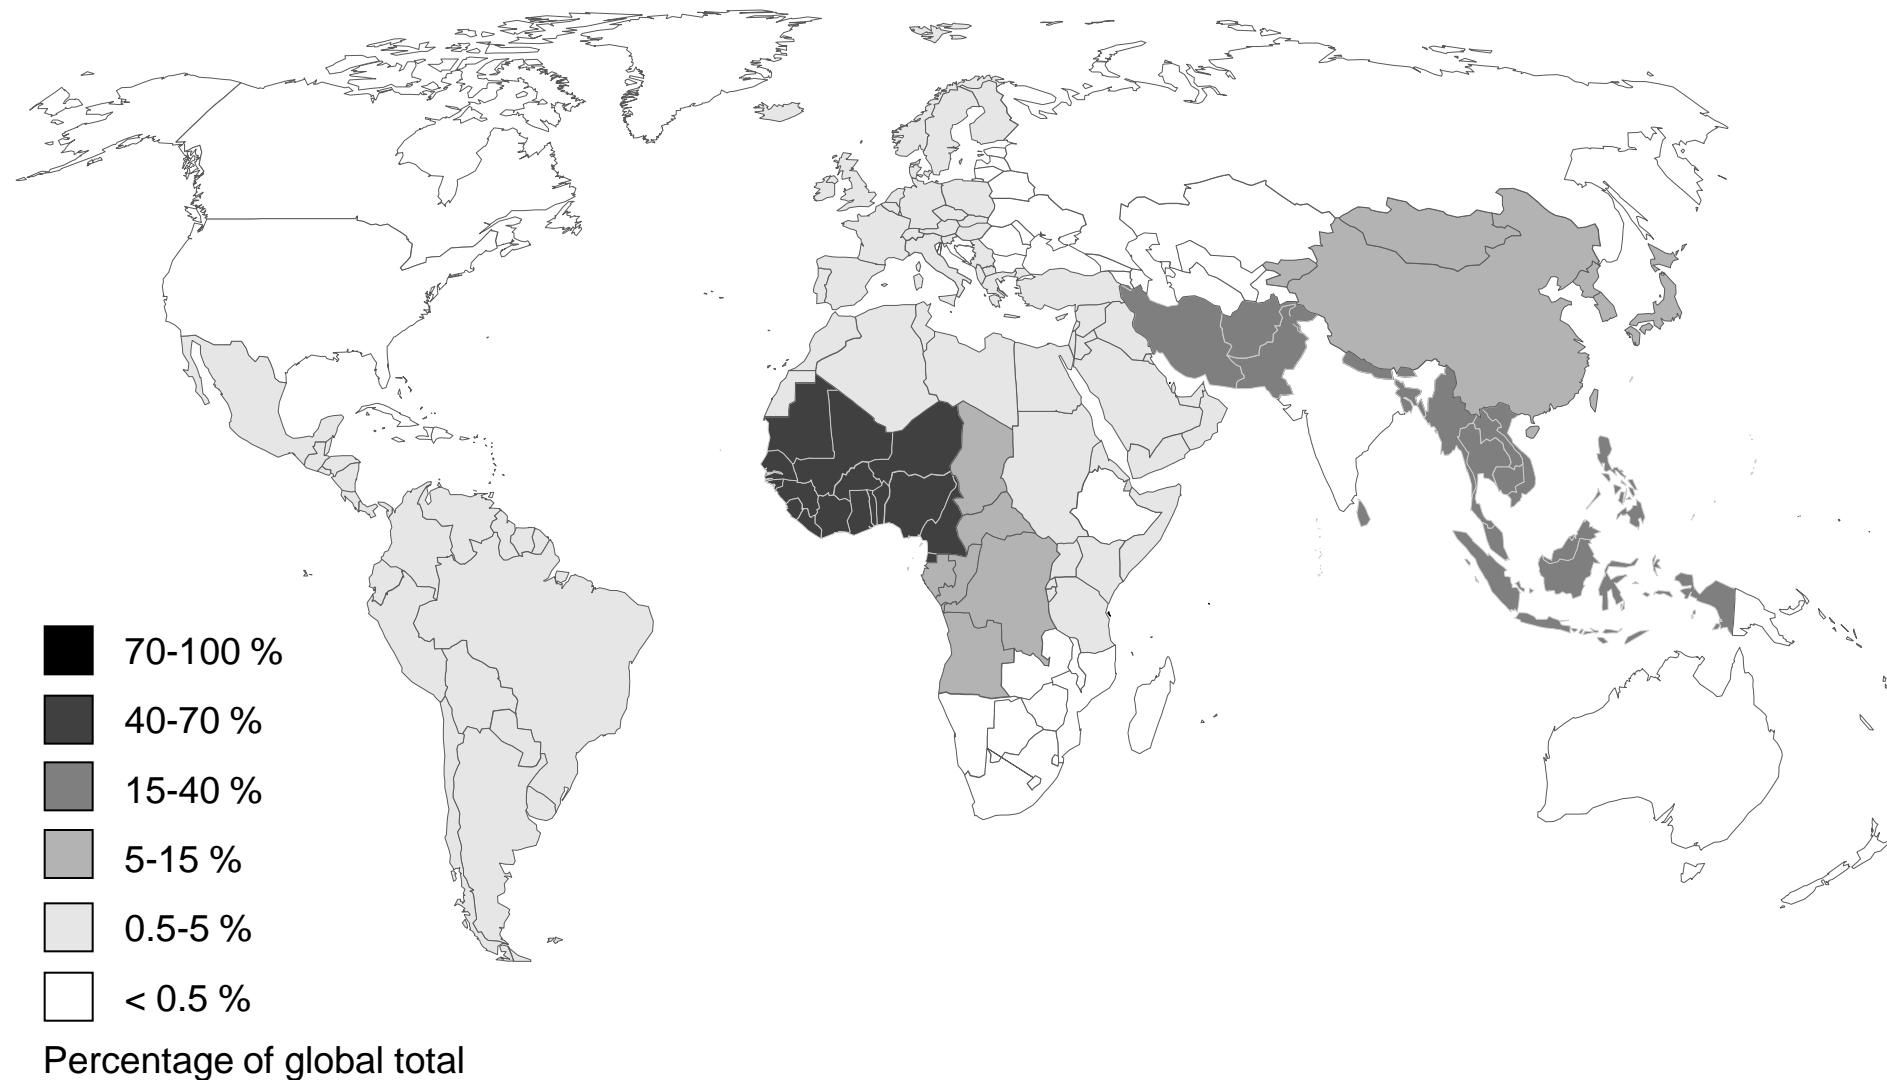

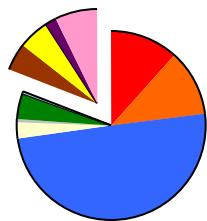

Percentage of global total

5.400.000

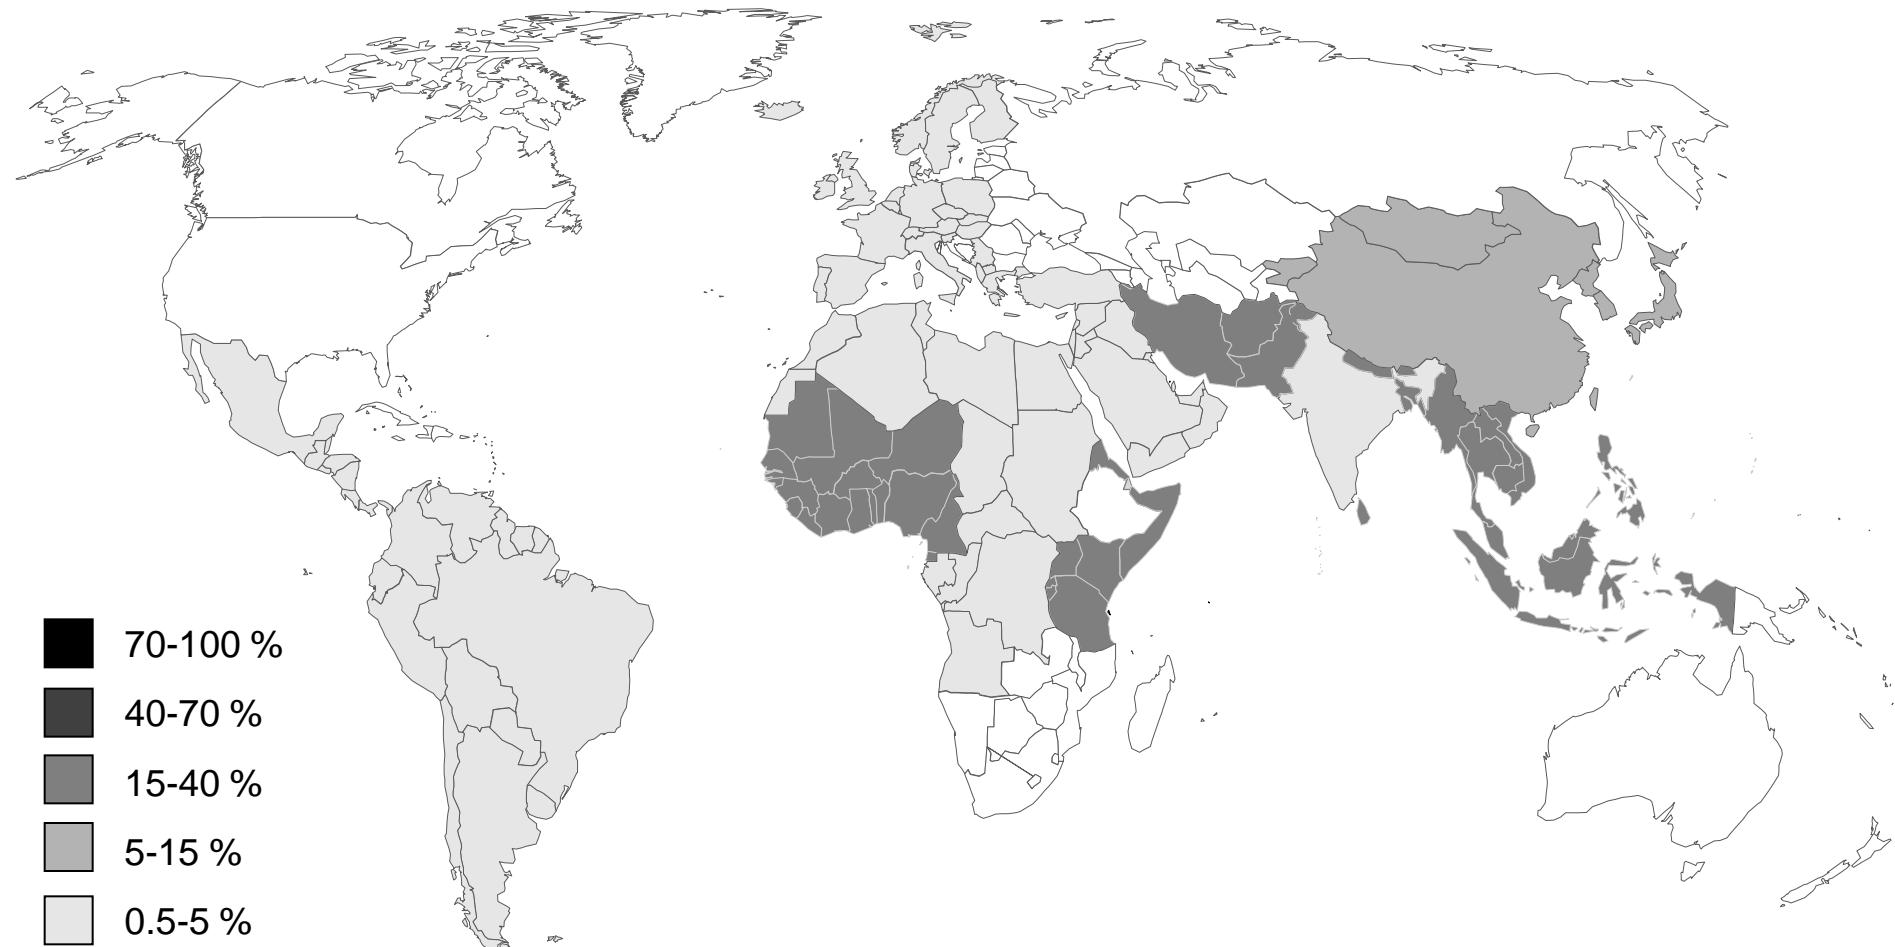

Global distribution of all CRFs 2004-2007

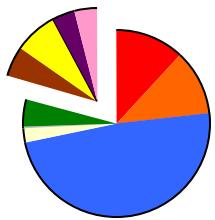

Global distribution of all CRFs & URFs 2000-2003

5.700.000

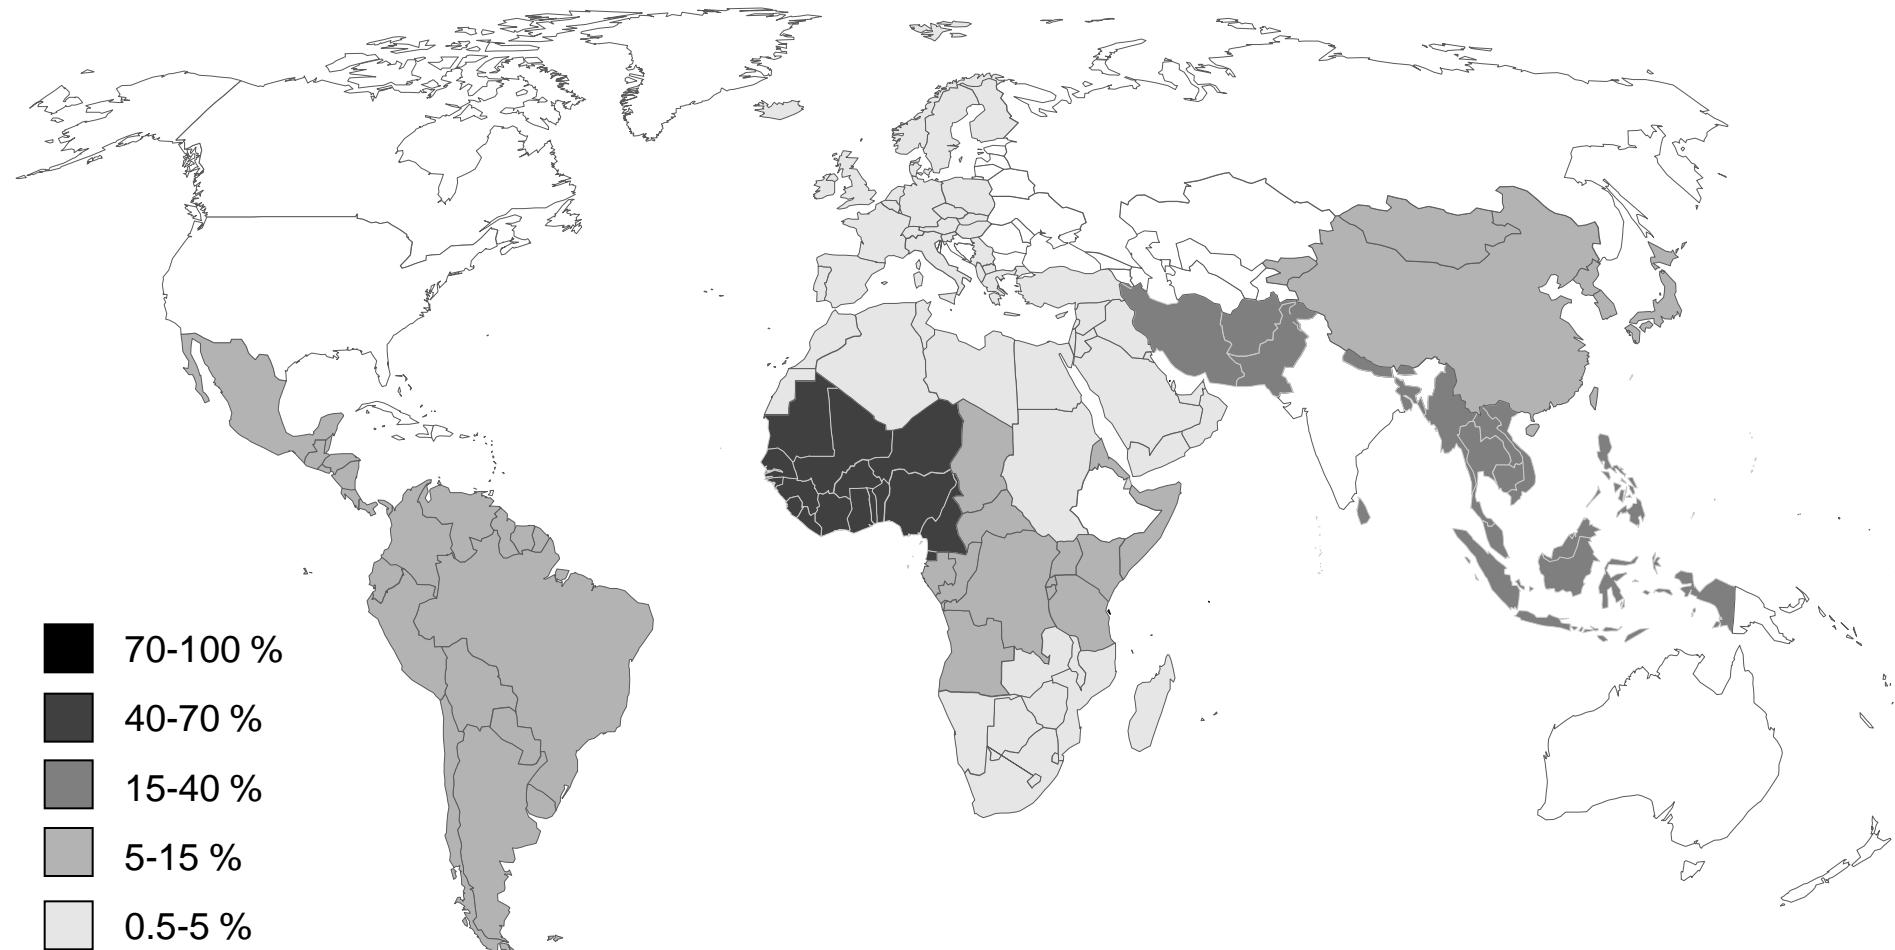

Percentage of global total

Global distribution of all CRFs & URFs

2004-2007

6.700.000

Percentage of global total
